Media, Technology and the Imagination Marie Hendry, Jennifer Page, 2013-08-19 The dynamic precarious relationship between technology and imagination or more broadly between the sciences and the humanities is a thrilling crux offering possibilities scholars and artists of previous generations might have only hoped for in the most abstract way No longer is technological advancement confined to the laboratory or to the pages of speculative fiction it is an accepted expected aspect of modern existence including contemporary art performance and literature From the ways we communicate to the ways we create technology has become a conduit as well as an inspiration for imaginative innovation The advent and accessibility of new media communication outlets and innovative software programs have democratized the creative landscape building a community of professionals and amateurs who can freely discuss and shape the way literature art and performance are created and perceived Just as technology has been liberated from categorical confines it has helped art and literature be realized as entities that occur in places besides galleries and libraries Tablets and e readers for example make it possible for literary enthusiasts to read books that are out of print difficult to find or even self published by amateur writers which would have merely been a bibliophile's dream as little as a decade ago Correspondingly the essays in this volume examine the intersection of technology and imaginative creation as it applies to and influences modern film fiction graphic novels and pedagogical practice The contributors investigate how technology has indelibly changed the practice of literary and cultural analysis and even the most basic facets of contemporary society communication relation and creation

THE PROPOSAL Betty Neels, Rieko Hamada, 2018-07-23 To provide for her younger sister Francesca works for a wealthy woman as a live in secretary and housekeeper However the job title doesn't begin to cover what the job actually entails and the lady of the house is a callous woman who exploits Francesca's desperation One day world renowned heart specialist Professor Renier Pitt Colwyn comes to the manor Although Francesca and the professor are already acquainted he pretends not to know her It would seem the upper class are too good to speak to lowly servants such as herself

THE DOCTOR'S ENGAGEMENT Makiko Harada, SARAH MORGAN, 2021-05-01 She wants to remain friends but

the doctor's kiss is too perfect Holly is shocked when Dr Mark Logan her childhood friend suddenly asks her to marry him It isn't a real proposal though He's having issues with a flirtatious woman at work and needs a fake fiancée to get the woman off his back Although reluctant at first Holly can't say no to her best friend But as they start their sham relationship she begins to see him not as a childhood friend but as a man How will she calm the growing fire in her heart The Athenaeum ,1912
