Super Six Making Connections:

Teacher's Guide For The Series Tales From Big Spirit Katya Adamov Ferguson, 2014-10-16 This teacher's guide is designed to help classroom teachers use the graphic novel series Tales From Big Spirit by David Alexander Robertson. The guide provides detailed lessons that meet a wide range of language arts and social studies goals, integrating Indigenous perspectives and making curricular content more accessible to diverse learners. It is organized into three sections. The first section includes general instructional ideas for deepening readers' comprehension of text, a framework to further develop students' thinking about history information about aspects of graphic novels and how to use them in the classroom. The second section includes specific instructional ideas and suggestions, an overview, detailed teaching and learning sequences before, during, and after reading format. The appendix includes strategies and reproducible classroom materials that support and stimulate student learning, historical images that may be reproduced. **Comprehension [Grades K-12]** Douglas Fisher, Nancy Frey, Nicole Law, 2020-08-20 Radically change the way students learn from texts, extending beyond comprehension to critical reasoning and problem solving. Is your reading comprehension instruction just a pile of strategies? There is no evidence that teaching one strategy at a time, especially with pieces of text that require that readers use a variety of strategies to successfully negotiate meaning, is effective. And how can we extend comprehension beyond simple meaning? Bestselling authors Douglas Fisher, Nancy Frey, and Nicole Law propose a new comprehensive model of reading instruction that goes beyond teaching skills to fostering engagement and motivation. Using a structured three-pronged approach, skill, will, and thrill, students learn to experience reading as a purposeful act and embrace struggle as a natural part of the reading process. Instruction occurs in three phases: Skill (holistically developing skills and strategies necessary for students to comprehend text such as monitoring, predicting, summarizing, questioning, and inferring), Will (creating the mindsets, motivations, and habits including goal setting and choice necessary for students to engage fully with texts), and Thrill (fostering the thrill of comprehension so that students share their thinking with others or use their knowledge for something else). Comprehension is the structured framework you need to empower students to comprehend text and take action in the world.
