Supernatural Bonds Storms Faeries:

Storm's Faeries Jory Strong, 2006-04 The Fates do enjoy their little amusements Storm O Malley thought she'd always be a beat cop But when she helped catch a serial murderer she became a detective and a member of the elite Homicide squad Now she's got a murder to solve and a new reason to call on the gorgeous professor she met on the Dean case The first time Professor Tristan Lisalli met Storm she was off limits because he couldn't afford to get mixed up in a high profile case No supernatural could Much less a noble of the Sidhe court But after that case was solved he'd fully intended to challenge his cousin Pierce with the seduction of a woman with the seduction of Storm But now Storm is involved in another high profile case A murder again but with a difference Treasure No fey creature can resist the legendary Medici Chalice of Eros But if what Tristan suspects is true then the real treasure is Storm He thinks she just might be his forever wife and Pierce's as well

Publisher description The English Theatrical Avant-Garde 1900-1925 Simon Shepherd, 2022-12-30 The English Theatrical Avant Garde 1900 1925 unearths an extensive range of hitherto forgotten or ignored theatre practices In doing so it reveals some of the well known figures of the early twentieth century English theatre in a strikingly new light It fluently describes an intensity of innovation and experiment that together made the Edwardian theatre rather more radical and rather more queer than we've ever thought Where the majority of writing on the early twentieth century theatrical avant garde is concerned with European movements and experiments English activity of the period is often seen as parochial and conservative mainly realism and issues based drama This book presents a new model of how avant gardes might work a model based not on masculine individualism but on communal inclusion In describing this fascinating material the author introduces us to many new figures and shows familiar ones in different ways there's Florence Farr independent woman Bob Trevelyan radical pacifist and music drama pioneer Granville Barker doing fairy plays while de dramatising drama Laurence Housman socialist homosexual scripting St Francis and the oddly modern J M Barrie Together they made theatre practices rich in their diversity but consistent in their attempt to be new producing a theatrical avant garde unlike any other This is a vital and indispensable new study for scholars and students of early twentieth century theatre in England and beyond Herrick, Fanshawe and the Politics of Intertextuality Syrithe Pugh, 2016-04-22 Royalist polemic and a sophisticated use of classical allusion are at the heart of the two 1648 volumes which are the focus of this study yet there are striking differences in their politics and in the ways they represent their relation to poetry of the past Pugh's study of these brilliant but neglected poets brings nuance to our understanding of literary royalism and considers the interconnections between politics and poetics Through a series of detailed close readings revealing the complex and nuanced significance of classical allusion in individual poems together with an historically informed consideration of the polemical force of both publishing acts Pugh aligns the two poets with competing factions within the royalist camp These political differences she argues are reflected not only in the idea of monarchy explicitly articulated in their poetry but also in the distinctive theories of intertextuality foregrounded in each

volume Herrick's absolutism going hand in hand with his peculiarly transcendental image of poetic imitation as an immortal symposium Fanshawe's constitutionalism with a distinctly humanist approach Offering a new argument for the unity of Herrick's vast collection *Hesperides* and making a case for the rehabilitation of Richard Fanshawe this engaging book will also be of wider interest to anyone concerned with politics in seventeenth century literature or with classical reception
