Supervision For Learning A Performance Based Approach To Teacher Development And School Improvement:

Supervision for Learning James M. Aseltine, Judith O. Faryniarz, Anthony J. Rigazio-DiGilio, 2006 Traditional methods of supervision and evaluation focus on teachers inputs their lesson plans instruction and classroom management practices But what matters most is the outcome they achieve learning This book introduces Performance Based Supervision and Evaluation PBSE a data driven and teacher directed approach proven to build educators analytical and instructional capacity to address the learning needs of their students It s a move away from disconnected annual goals and outside in improvement initiatives and toward the full integration of teacher evaluation strategic professional development and school improvement planning Supervision for Learning is an important resource for school leaders looking to Honor the judgment of teachers while targeting student performance in areas of essential knowledge and skills articulated in standards Empower all teachers to use performance data as the basis for instructional decisions and monitor the effectiveness of these decisions through action research Develop meaningful collaborative relationships with and among teachers and Acquire authentic evidence of teacher and student growth Authors James M Aseltine Judith O Faryniarz and Anthony J Rigazio DiGilio explain the best practice foundations of their approach and provide guidelines for its implementation Sample artifacts and illustrative vignettes bring the PBSE process to life clarifying the supervisor s role the teachers responsibilities and the students gains You ll also find a planning and monitoring tool that maps milestones within the development and evaluation cycle along with strategies for reconciling this approach with district reporting requirements and budget realities Teachers Leading Educational Reform Alma Harris, Michelle Jones, Jane B. Huffman, 2017-07-31 Teachers Leading Educational Reform explores the ways in which teachers across the world are currently working together in professional learning communities PLCs to generate meaningful change and innovation in order to transform pedagogy and practice By discussing how teachers can work collectively and collaboratively on the issues of learning and teaching that matter to them it argues that through collective action and collaborative agency teachers are leading educational reform By offering contemporary examples and perspectives on the practice impact and sustainability of PLCs this book takes a global comparative view showing categorically that those educational systems that are performing well and seek to perform well are using PLCs as the infrastructure to support teacher led improvement Split into three sections that look at the macro meso and micro aspects of how far professional collaboration is building the capacity and capability for school and system improvement this text asks the questions Is the PLC work authentic Is the PLC work being implemented at a superficial or deep level Is there evidence of a positive impact on students teachers at the school district system level Is provision in place for sustaining the PLC work Teachers Leading Educational Reform illustrates how focused and purposeful professional collaboration is contributing to change and reform across the globe It reinforces why teachers must be at the heart of the school reform processes as the drivers and architects of school transformation and change *Schooling by Design* Grant Wiggins, Jay McTighe, 2007-07-15 Why despite years of

trying have efforts to achieve lasting effective school reform fallen short What curricular and policy elements must be in place to move forward How should the roles of teachers and education leaders be defined to best support the point of school Grant Wiggins and Jay McTighe answer these and other questions in *Schooling by Design Mission Action and Achievement Building on the premise of Understanding by Design* their acclaimed framework for curriculum instruction and assessment the authors present a compelling argument for using the same approach to reach a grand goal the reform of schooling as a whole In their view reform rests on six pillars A relentless focus on the long term mission of school enabling learners to demonstrate understanding and mature habits of mind A curriculum and assessment framework that honors the mission and ensures that content coverage is no longer the accepted approach to instruction A set of principles of learning that support all decisions about pedagogy and planning Structures policies job descriptions practices and use of resources consistent with mission and learning principles An overall strategy that includes ongoing feedback and adjustment and A set of tactics linked to strategy including a planning process that uses backward design to accomplish the key work of reform Practical insightful and provocative *Schooling by Design* elaborates on each of these elements and presents educators with both the rationale and the methodology for closing the gap between what we say we want from school and what school actually delivers for turning vision into reality

The Principal Influence Pete Hall, Deborah Childs-Bowen, Ann Cunningham-Morris, Phyllis Pajardo, Alisa Simeral, 2016-01-28 Principals navigate the dynamic complexities and subtleties of their schools every day They promote facilitate and lead efforts to achieve both tangible and intangible results throughout the school community They fulfill a role that includes counseling budgeting inspiring teaching learning disciplining evaluating celebrating consoling and a million other critical functions As the principalship has evolved and grown so have the expectations of it With that in mind ASCD developed the Principal Leadership Development Framework PLDF The PLDF establishes a clear and concise definition of leadership and includes clear targets that support the ongoing growth and development of leaders Using the Framework principals will learn to capitalize on their leadership roles Principal as Visionary Principal as Instructional Leader Principal as Engager Principal as Learner and Collaborator The PLDF also offers 17 criteria of effective practice that allow leaders to focus on behaviors that have the greatest direct effect on the culture and status of learning and teaching Coupled with the PLDF are tools for self reflection that help principals identify and strengthen their reflective habits Whether you want to develop your own capacities or support the development of a group of principals assistant principals or aspiring principals *The Principal Influence* can help channel your efforts in ways that promote successful teaching and student learning
