Surinamers In Nederland:

Post-Colonial Immigrants and Identity Formations in the Netherlands Ulbe Bosma, 2012 In this book Ulbe Bosma explores the experience of immigrants in the Netherlands over sixty years and three generations Looking at migrants from all countries Bosma teases out how their ethnic identities are informed by Dutch culture and how these immigrant identities evolve over time Fascinating comprehensive and historically grounded this essential volume reveals how the colonial past continues to shape multicultural Dutch society It is an important counterpart to work on France Britain and Portugal Andrea Smith Lafayette College *Suriname* Irene Rolfes, 2025-01-20 **Twentieth-Century Suriname** Rosemarijn Höfte, Peter Meel, 2022-07-04 Suriname is a fascinating yet also little known Caribbean country Fascinating because a unique variety of lifestyles and group identities has characterized this country from its early beginnings as a European plantation colony but even more so since the influx of contract laborers from British India and Java in the nineteenth century Little known because even when attention was focused on the country particularly following a military coup d tat in 1980 this awareness has contributed little to a better understanding of the country s complex developments In fact the media have not unveiled but rather covered the essentials of the evolving Suriname society Combining a broad thematic approach with a focus on long term developments in Suriname 20th Century Suriname consists of fourteen chapters that discuss the main trends with respect to major areas of research Topics such as Surinamese politics and economics as well as its social religious and cultural aspects are covered by the best contemporary specialists on Suriname in the United States the Netherlands and Suriname This volume provides an accessible introduction to Suriname for a general audience including graduate and undergraduate students and an authoritative state of the art review for Suriname specialists **The Kingdom of the Netherlands in the Caribbean** Lammert de Jong, Douwe Aafko Anne Boersema, 2005 Verzamelbundel met essays over de toekomst van het Koninkrijk uitgegeven ter gelegenheid van het 50 jaar bestaan van het statuut *Etnische minderheden in Nederland* J. resolution of the struggle precipitated not only general jubilation and relief but also self congratulation as the leaders of Surinam s multiethnic society long priding themselves on achieve ments in harmonious understanding pulled out all stops in their indepen dence day oratory No one could forget the nightmare of the preceding few years But neither could anyone familiar with Surinam s historical develop ment flatly reject the rhetoric as being without some foundation In fact Surinam while severely tested by the most complex multi ethnic population in the Caribbean does have a record of which she can be proud and which deserves to be more widely known
