**Survival Hacks** Inglor Vardamir, 2020-08-25 Survival into the unknown is one of the most complex and difficult tasks any person can ever face. Understanding nature and learning to carve out a place for yourself to survive takes some time and practice but most importantly you need trusted information that can guide you properly. Prepping for unknown disasters is not only responsible but recommended by many survival experts. This doesn't just include preppers' gear but understanding how to effectively use the tools you retain. Both facing the wilderness and disasters entails a certain level of ability. When considering a survival guide you need to be certain that the advice you get will be straightforward and dependable. This book takes those ideals seriously with a simple set of instructions and descriptive images to accompany every single task so that readers will never be lost. Some may only consider the obvious threats like feral animals or deadly weather changes which are important all their own. But what about your basic everyday needs? This book will teach you everything.

**Gear Hacks** How to find, adapt or make the tools you need to survive.

**Shelter Hacks** How to construct efficient shelters to keep you healthy and safe.

**Fire Hacks** How to summon and harness the most important element of survival: fire.

**Rope Hacks** How to make and utilize the most adaptable tool from traps to traveling.

**Food Hacks** How to sustain yourself for your extended stay in the wilderness. Filled with detailed breakdowns of all the tasks you will need to learn and pictures that will help you comprehend the mechanics involved from tying knots to making shelter and starting fires, this guide makes its instructions clear and understandable to anyone. Whether you're an experienced prepper or a novice just getting into the field.
