**Survival** Bogdan Ivanov, 2016-02-10 Bonus Audio Course Inside How To Survive Natural Disasters. WARNING: This is a hands on practical survival guide that will teach you everything you need to know to survive anything anywhere. The truth is that survival is not always as easy as relying on ready made shelter and store bought food. In fact anyone who watches the news or otherwise pays attention to what is going on in the world can quickly come to the conclusion that sometimes survival requires specific skills. You may face having to know how to stay alive in the wild with nothing other than the clothes on your body. This type of survival requires a bit of practice, prepping and knowing how to provide shelter, food and water. Consider these circumstances where you may need to have specialized knowledge in order to remain alive. Your car is driven off the road and help is not easily forthcoming. Your plane crashes out in the middle of nowhere. Extreme weather destroys your community and there is not enough shelter or food to go around. Any other type of emergency drives you out of your home and into the wild. About The Ultimate Survival Guide: The Ultimate Survival Guide walks you through how to survive anything anywhere in the world. Not only is it deeply comprehensive in regard to teaching how to survive in any type of terrain or weather conditions, it goes much further than that. Surpassing other survival guides which create fear based thinking and assume there are at least some tools available, The Ultimate Survival Guide walks you through the importance of remaining calm and is written to assume that you have no tools available at your disposal. It teaches how to create shelter and find food and water with nothing other than what can be found in nature. Along with teaching how to find clean, drinkable water even in the desert or around the ocean, this survival guide teaches how to find a variety of foods from meat to vegetables and fruits. It will also teach surprising items that can be eaten in order to stay alive that many will not realize were edible. Additionally you will learn what absolutely should not be eaten due to the possibility of becoming deathly ill. You will also learn How to create critical tools needed for survival and how to find materials needed to use for building a variety of types of shelters. How to determine the best type of shelter to build for specific situations and types of weather. Essential skills such as how to treat injury and illness without bandages or other First Aid equipment.
