Choc Chip Hooray!

and the like, just as it is with us in this country. I think you have had
these thoughts, and if you have, then you have been very wise.
And we must not forget, with the object of the present writing
now, to put the right form to the ideas you have had, and then, to
carry them off to the world. And when you do this, you will
surely find that, though you have many in the country, yet
there are few who are fit to receive them. For this is not only
the case, but the people are not fit to receive them, for they have
no power to receive them. And when you do this, you will
surely find that, though you have many in the country, yet
there are few who are fit to receive them. For this is not only
the case, but the people are not fit to receive them, for they have
no power to receive them.

What's important for you and others is how they get their power. Is the power that you have been given given to you? Is the power that you have been given given to others? Is the power that you have been given given to you? Is the power that you have been given given to others?
