answered The destruction of society the ceding of rights without realizing it the utter lack of privacy all the things our current society is facing right now and Henry had answers for Serena By the next morning they both had renewed purpose and were determined to catch the Cellophane Killer This was every bit the resolution I needed Thanks Ms Walker Serena McKay P I lives in a post apocalyptic time where the rich get richer and the poor become destitute In August City you are either rich or poor Existence there is nightmarish and chilling for most of its residents Fans of Jessica Jones and post apocalyptic fiction will love Serena McKay s Crime Novels Serena has suffered from devastating emotional and physical abuse first as a child and then during her career with the Police Department You d think it would have made her bitter but it didn t Instead it made her a little crazy in relatable ways and despite that flaw and others she continues to do her job with bravery Serena McKay caught The Cellophane Killer in Purple Kitty Book 1 however she gets a freaky message that blows her mind He s coming for you It could have only come from one person Did this notorious serial killer escape from the Supermax Prison Is he really back If he is back can Serena finally put him away for good this time Author warning Emotional triggers of all kinds Language Alcohol and drug use Physical and emotional abuse *A Beginner's Guide to Visualization* Chariss K. Walker, A B R A G Medallion Winner Kaleidoscope is the first fast paced captivating novel in The Vision Chronicles 8 book psychic and romantic suspense series 5 Stars Couldn t put it down This book captured my attention immediately Can t wait to start the next book in the

series Mike Lewis is a man with a secret that he doesn't want to share. The life of the 44 year old geophysicist is one that most would envy. He's handsome, well paid and well traveled but he can't tell anyone about his psychic ability. Such an admission would put him and anyone he told in harm's way. He has always wanted a loving relationship like the one his parents had but he refused to enter into a committed relationship like that without being completely honest. Can he find a woman to love who will accept his paranormal ability and keep his secret? He wants that more than anything else and his biological clock is ticking. After spending fifteen years denying his gift of visions in silence, he can no longer cope with keeping this secret. While home after his latest job assignment, he decides to confide in Nelson, a psychiatrist friend of 25 years. Nelson recommends that Mike keep a journal and passively observe the visions rather than being part of them. This exercise allows the pair to explore the visions in a controlled setting. However, shortly after confiding in Nelson, all hell breaks loose. Mike learns that his home and electronics are bugged. His friends are in danger. A young woman dies. After two failed abduction schemes and not knowing what else to do, Mike decides he must learn to protect himself. He studies close combat fighting techniques with the determination to fight as long as he can and then run. A cliffhanger from the start, this book is a great beginning to a suspenseful series.
