**Trash and Treasure: The Ghostly Photos** Margaret Peterson Haddix, 2023-09-12 New York Times bestselling middle grade thriller author Margaret Peterson Haddix returns to the **Mysteries of Trash and Treasure** series as Colin and Nevaeh unravel a mystery from the 1930s and explore the emotions associated with death and dying. Colin and Nevaeh are great at finding things. After all they found each other and became best friends even though their parents are business rivals. They also found hidden boxes of secret letters which led them to unravel mysteries about kids from the 1970s. But when they started Mystery Solvers Inc they didn't expect to be asked to find a ghost. Ree recruits them to investigate a series of old spooky photos left behind in her family's new house. The photos show a boy who looks totally see-through. And in some he's in a coffin. That's not so odd for Ree who lives above a funeral home. But when Colin and Nevaeh start investigating they discover other sightings of the boy and other secrets. Ree is hiding. The more clues they find the more they realize this mystery goes back to a time called the Great Depression. Will history once again help them solve the case? [\*\*The Digital Evangelicals\*\*](#)

Travis Warren Cooper, 2022-08-02 When it comes to evangelical Christianity the internet is both a refuge and a threat. It hosts Zoom prayer groups and pornographic videos religious revolutions and silly cat videos. Platforms such as social media podcasts blogs and digital Bibles all constitute new arenas for debate about social and religious boundaries theological and ecclesial orthodoxy and the internet's inherent danger and value. In **The Digital Evangelicals** Travis Warren Cooper locates evangelicalism as a media event rather than as a coherent religious tradition by focusing on the intertwined narratives of evangelical Christianity and emerging digital culture in the United States. He focuses on two dominant media traditions media sincerity immediate and direct interpersonal communication and media promiscuity communication with the primary goal of extending the Christian community regardless of physical distance. Cooper whose work is informed by ethnographic fieldwork traces these conflicting paradigms from the Protestant Reformation through the rise of the digital and argues that the tension is culminating in a crisis of evangelical authority. What counts as authentic interaction Who has authority over the circulation of information. While many studies claim that technology influences religion **The Digital Evangelicals** reveals how Protestant metaphors and discourses shaped the emergence of the internet and explores what this relationship with global new media means for evangelicalism.
