**Ideology, Social Theory, and the Environment** William D. Sunderlin, 2003 This book shows that polemical environmental and ecological debates are governed not so much by access to facts as they are by the political ideology of the expert advancing a particular argument Moreover the thoughts of these experts tend to be based largely in just one of three competing streams of political thought the left the center or the right Drawing on social theory the author explains the philosophical origins of this tendency to rely on just one of three traditions and why this poses a serious obstacle to conceptualizing the cause nature and resolution of environmental problems

**A Weber-Marx Dialogue** Robert J. Antonio, Ronald M. Glassman, 1985      The Barbarism of Reason Asher Horowitz, Terry Maley, 1994 A collection of essays that

traces the contemporary significance of Weber's work for the tradition of Enlightenment political thought and its critiques. It takes up the problems Weber inherited from Enlightenment political discourse, his attempts to face the disintegration of the Enlightenment political project, and engages and advances the debates over Weber's ideas that have helped shape political thought up to the present debates over postmodernism.
