Welcome To Oz A Cinematic Approach To Digital Still Photography With Photoshop:

Welcome to Oz 2.0 Vincent Versace,2010-12-07 Creating memorable photographs is a process that starts before you edit an image in Photoshop before you capture the image even before you pick up the camera You must first approach the subject with the proper sense of perception with the ability to visualize the finished print before you commit a scene to pixels but still be flexible and spontaneous Master fine art photographer Vincent Versace has spent his career learning and teaching the art of perception and how to translate it into stunning images In Welcome to Oz 2 0 a completely rewritten update of the book s first edition he delves into what it means to approach digital photography cinematically to use your perception your camera and Photoshop to capture the movement of life in a still image Adapt your workflow to the image so you always know how best to use your tools Turn a seemingly impossible photograph scenario into a successful image Practice image harvesting to combine the best parts of many captures to create an optimum final result Discover the importance of bokeh not only how to use it in order to control how the eye travels and sees an image but also how to realistically create it in post processing Foreword by Bert Monroy Afterwords by Jay Maisel and David duChemin Includes free software downloads from onOne and Nik worth 250 as well as customized presets for the Wacom Cintiq and Intuos tablets   *Welcome to Oz 2.0* Vincent Versace,1900 Still photography doesn t have to mean static images a fact nobody understands better than well known photographer and Photoshop Hall of Famer Vincent Versace In this book Vincent details his cinematic approach to evoke time and its passage in still photographic images and provides a wealth of practical and artistic guidance for anyone with a serious interest in digital photography For this new edition the author has expanded all the chapters of the first edition with substantial additions to the already amazing black and white chapter Whether readers are looking to enrich their Photos
