Race, Sport and Politics Ben Carrington, 2010-08-01 Written by one of the leading international authorities on the sociology of race and sport this is the first book to address sport's role in the making of race the place of sport within black diasporic struggles for freedom and equality and the contested location of sport in relation to the politics of recognition within contemporary multicultural societies Race Sport and Politics shows how during the first

decades of the twentieth century the idea of the natural black athlete was invented in order to make sense of and curtail the political impact and cultural achievements of black sportswomen and men More recently the black athlete as sign has become a highly commodified object within contemporary hyper commercialized sports media culture thus limiting the transformative potential of critically conscious black athleticism to re imagine what it means to be both black and human in the twenty first century Race Sport and Politics will be of interest to students and scholars in sociology of culture and sport the sociology of race and diaspora studies postcolonial theory cultural theory and cultural studies

The Prophetic Dimension of Sport Terry Shoemaker, 2018-10-24 Bringing together leading scholars in the fields of Religion and Sport this book examines the prophetic dimension of sport to arrive at a better understanding of the nature of sports in the United States By detailing and analyzing particular sports a portrait of sport as an important space for social and political critique emerges Sport is indisputably an important cultural phenomenon in the United States Each year millions attend sporting events track the statistics and lives of sports stars collect memorabilia engage in fantasy sports and play various sporting games But increasingly sport is also a space for public articulations regarding social and political issues within the United States What are we to make of these particular articulations What do they tell us about the nature of sport in the United States How are these social and political critiques formed Why do sporting voices seem to carry more weight at this moment in history Ideally suited for use in undergraduate and graduate courses this book offers a new way of thinking about the connection between sport and religion in a secularizing society By analyzing various sports and particular historical moments the chapters supply a unique example of the relevance of sport as it pertains to social and political critique

The Politics of Baseball Ron Briley, 2010-03-30 Examining baseball not just as a game but as a social historical and political force this collection of sixteen essays looks at the sport from the perspectives of race sexual orientation economic power social class imperialism nationalism and international diplomacy Together the essays underscore the point that baseball is not just a form of entertainment but a major part of the culture and power struggles of American life as well as the nation s international footprint

War Without End Michael Schwartz,2008 In this razor sharp analysis TomDispatch com commentator Michael Schwartz turns every mainstream conclusion about Iraq on its head He shows how US occupation is fueling civil war in Iraq and beyond and how US officials dismantled the Iraqi state and economy helping to destroy rather than rebuild the country In a popular style reminiscent of the best writing against the Vietnam War he punctures the myths used to sell the US public the idea of an endless war on terror centered in Iraq Schwartz shows how the real US interests in Iraq were rooted in the geopolitics of oil and the expansion of a neoliberal economic model in the Middle East and around the globe at gunpoint War Without End also reveals how the failure of the

United States in Iraq has forced US planners to fundamentally rethink the imperial dreams driving recent foreign policy This book is the third in a series of very successful books published in cooperation with TomDispatch com including the New York Times bestseller United States v George W Bush et al by Elizabeth de la Vega Seven Stories Press Michael Schwartz professor of sociology and faculty director of the Undergraduate College of Global Studies at Stony Brook University has written extensively on the war in Iraq at websites including TomDispatch ZNet Asia Times and Mother Jones and in numerous magazines including Contexts Against the Current and Z Magazine **International Socialist Review** ,2008

Vietnam Joe Allen,2008 As the United States now faces a major defeat in its occupation of Iraq the history of the Vietnam War as a historic blunder for US military forces abroad and the true story of how it was stopped take on a fresh importance Unlike most books on the topic constructed as specialized academic studies The Last War the United States Lost examines the lessons of the Vietnam era with Joe Allen s eye of both a dedicated historian and an engaged participant in today s antiwar movement Many damaging myths about the Vietnam era persist including the accusations that antiwar activists routinely jeered and spat at returning soldiers or that the war finally ended because Congress cut off its funding Writing in a clear and accessible style Allen reclaims the stories of the courageous GI revolt its dynamic relationship with the civil rights movement and the peace movement the development of coffee houses where these groups came to speak out debate and organize and the struggles waged throughout barracks bases and military prisons to challenge the rule of military command Allen s analysis of the US failure in Vietnam is also the story of the hubris of US imperial overreach a new chapter of which is unfolding in the Middle East today Joe Allen is a regular contributor to the International Socialist Review and a longstanding social justice fighter involved in the ongoing struggles for labor the abolition of the death penalty and to free the political prisoner Gary Tyler Beyond the Green Zone Dahr Jamail,2007 In these collected dispatches Jamail presents never before published details of the siege of Fallujah and examines the origins of the Iraqi insurgency **Road from Ar**

Smith,2009 Fresh perspectives on the black diaspora s global histories **Bad Sports** Dave Zirin,2010-07-20 A THOUGHT PROVOKING LOOK AT THE BIG BUSINESS AND IMMORAL PRACTICES BEHIND PROFESSIONAL SPORTS BY ACCLAIMED SPORTSWRITER DAVE ZIRIN HAILED AS THE CONSCIENCE OF AMERICAN SPORTSWRITING THE WASHINGTON POST The fastest growing sector of today s sports audience is the alienated fan Complaints abound from inflated ticket prices 6 hot dogs and 9 beers to owners endlessly demanding new multimillion dollar stadiums funded by public tax dollars Those sitting in the owners boxes are increasingly placing profit over players performances and fan loyalty Bad Sports cuts through the hype and bombast to zero in on tales of abusive dictatorial owners who move their teams thousands of miles away from their fan base use their stadiums as religious and political platforms or hold communities ransom for millions of dollars of taxpayer money to fund their gargantuan

stadiums As the multibillion dollar sports industrial complex continues to lumber along Dave Zirin is the voice in the wilderness speaking out for the common fan with a tough passionate and intelligent voice that will remind readers that there is more to sportswriting than glowing athlete profiles
