Security, Privacy and Reliability in Computer Communications and Networks Kewei Sha, Aaron Striegel, Min

Song, 2022-09-01 Future communication networks aim to build an intelligent and efficient living environment by connecting a variety of heterogeneous networks to fulfill complicated tasks. These communication networks bring significant challenges in building secure and reliable communication networks to address the numerous threat and privacy concerns. New research technologies are essential to preserve privacy, prevent attacks and achieve the requisite reliability. *Security, Privacy and Reliability in Computer Communications and Networks* studies and presents recent advances reflecting the state of the art research achievements in novel cryptographic algorithm design, intrusion detection, privacy preserving techniques and reliable routing protocols. Technical topics discussed in the book include Vulnerabilities and Intrusion Detection, Cryptographic Algorithms and Evaluation, Privacy and Reliable Routing Protocols. This book is ideal for personnel in computer communication and networking industries as well as academic staff and collegial master Ph.D. students in computer science, computer engineering, cyber security, information insurance and telecommunication systems.

The Entrepreneur's Guide to Running a Business CJ Rhoads, 2014-05-28 The final entry in this all you need to know series summarizes the best points in the previous 12 books, updates many of them and integrates must have knowledge into a unified, indispensable whole. Entrepreneurs need authors who will speak to them as equals, sharing the secrets they found as they built their own businesses. Crafted in that spirit, Praeger's Entrepreneur's Guide series provides practical, accessible and authoritative advice on the major considerations in establishing and growing a new venture. Each book includes wisdom, tales from the trenches, worksheets, templates, sample documents and resource lists to help entrepreneurs leverage their time and money. The Entrepreneur's Guide to Running a Business distills and shares the important points from each of the series' previous books, making the road to success smoother and more certain. This culmination of the professional development series takes the reader through all the important steps of starting and running an enterprise. It includes such essentials as writing the business plan, hiring the team, raising capital, managing technology, doing market research and, of course, marketing the product. Once the business is up and running, the book can be consulted for advice on managing growth and inspiring and retaining employees, as well as for knowledge about handling crises and flourishing even during a recession.
