# The Triumph Of Narrative Storytelling In The Age Of Mass Culture

**William Lowell Randall, Gary M. Kenyon**

## **The Triumph Of Narrative Storytelling In The Age Of Mass Culture:**

**The Triumph of Narrative** Robert Fulford, 1999-11-01 Narrative has been central to human life for millennia and the twentieth century has been preeminently the age of the story. Mass culture and mass leisure have enabled us to spend far more time absorbing stories real and imaginary than any of our ancestors. Whether or not this has been to our benefit is one of the questions raised by journalist and 1999 CBC Massey lecturer Robert Fulford. Narrative Fulford points out is how we explain how we teach how we entertain ourselves often all at once. It is the bundle in which we wrap truth, hope and dread. It is crucial to civilization. Fulford writes engagingly and energetically about narrative history, narrative in news coverage, the rise of electronic narrative and narrative as it flourishes in the form of gossip, the folk art version of literature revealing to us the mystery power and importance of story in all our lives. Newsom, 2022-02-09

*Embodied Activisms* explores how activists use their bodies to resist social norms, engage with institutions and promote change. This book spans historical perspectives, current contexts and the most current scholarly literature to interrogate how embodied activisms are read, performed, understood and actualized. The studies in this volume address current critical issues such as police accountability, activism, the climate crisis, environmental concerns and protests of Supreme Court confirmation hearings. Chapters analyze a wide range of nonviolent mobilization tactics, including silent protests, embodied witnessing, leisure spectacle, demonstrations, performance art and other forms of creative practice and rallies. Analyses engage with aspects of intersectionality in activism and critique diverse modes of embodied resistance in locations including East Central Europe, the Americas and the Mediterranean region.
