

The Reversal and Transformation of Global Christianity

"It would be hard to overestimate the valuable contribution Scott Sunquist has made to our understanding of the global Christian movement. This short volume illustrates the point. His knowledge is encyclopedic, his perspective fresh. This volume serves as an excellent introduction to what appeared at the beginning to be the century of Western dominance but ended up being so very different. As Sunquist intimates, we are witnessing the most dramatic century of change since the early Christian period." **I GERALD L. SITTSER**, Whitworth University; author of *Water from a Deep Well*

"This book provides a learned overview of major themes in twentieth-century world Christianity. Distinguished scholar Scott Sunquist, writing from an insider Christian perspective, shows how such factors as migration, persecution, the decline of Western Christianity, and Pentecostalism have created a religion far different from that of a century ago. He balance depth and breadth in a readable format and, in so doing, provides a valuable addition to the growing body of scholarship on world Christianity." **I DANA L. ROBERT**, Boston University; author of *Christian Mission: How Christianity Became a World Religion*

"This volume places us in Sunquist's debt for extending the Christian story beyond the familiar clichés, luminaries, and events of conventional Western church histories to a trajectory that includes and accounts for the fecund world of Christianity in the global South. Full of surprises, this is an astounding, fast-moving story, whose latest chapter was not and could not have been predicted by earlier generations of church historians." **I JONATHAN J. BONK**, Overseas Ministries Study Center

"A godsend for opening up a vitally important history and pointing the way toward responsible Christian life in the future." **I MARKA. NOLL** (from the foreword)

SCOTT W. SUNQUIST (PhD, Princeton Theological Seminary) is dean of the School of Intercultural Studies and professor of world Christianity at Fuller Theological Seminary. He is the author of *Understanding Christian Mission*, coauthor of the multi-volume *History of the World Christian Movement*, and coeditor of *A Dictionary of Asian Christianity*.

The Unexpected Christian Century The Reversal And Transformation Of Global Christianity 1900 :

The Unexpected Christian Century Scott W. Sunquist, 2015-09-29 In 1900 many assumed the twentieth century would be a Christian century because Western Christian empires ruled most of the world. What happened instead is that Christianity in the West declined dramatically, the empires collapsed, and Christianity's center moved to Africa, Asia, Latin America, and the Pacific. How did this happen so quickly? Respected scholar and teacher Scott Sunquist surveys the most recent century of Christian history, highlighting epochal changes in global Christianity. He also suggests lessons we can learn from this remarkable global Christian reversal.

World Christianity Tan, Jonathan Y., Tran, Anh Q., 2016-04-13 **The Oxford Handbook of Mission Studies** Kirsteen Kim, Knud Jørgensen, Alison Fitchett-Climenhaga, 2022-04-18 The Oxford Handbook of Mission Studies represents more than a century of scholarship related to the theology, history, and methodology of the propagation of Christian faith and the engagement of Christians with cultures, religions, and societies worldwide. It contains more than 40 articles by experts from different disciplinary and ecclesial perspectives who are from all continents. It not only offers a broad overview of key approaches and issues in mission studies but it also highlights current trends and suggests future developments. The Handbook builds on renewed interest in mission studies this century generated by recent key statements on mission from ecumenical, evangelical, Catholic, and Orthodox sources and by a spate of academic works on the topic. Western church leaders now apply insights from foreign missions such as inculcation, liberation, interfaith work, and power encounter to today's multicultural societies. Meanwhile, there are new initiatives in mission from the Majority World where most Christians live, so that sending is not only from the west to the rest but from everywhere to everywhere. Therefore, this volume aims to reflect the voices of the receivers of mission as well as its protagonists and to raise awareness of new movements. In a time of growing recognition of religions more generally, this work examines and theorizes the missional dimensions of the world's largest religion, its agendas, growth, outreach, role in public life, effect on cultures, relevance for development, and its approaches to other communities.

Explorations in Asian Christianity Scott W. Sunquist, 2017-05-23 Asia is the birthplace of Christianity, yet the history of Asian Christianity has long been a difficult one. Scott W. Sunquist is a recognized expert on the history of the Christian faith in Asia, and these essays cover Asian Christianity in broad perspective, with topics like the history of Christian mission and missionary practice in Asia, theological education, and global migration.

Unlikely Friends David W. Scott, Daryl R. Ireland, Grace Y. May, Casely B. Essamuah, 2021-07-08 Can something as simple as friendship have a transformative impact in a divided world? Through a series of richly textured historical portraits and reflections on personal experience this book shows that boundary crossing friendships in Christian mission have shaped theologies built organizations and partnerships facilitated mission work and changed attitudes and ways of thinking. This is true in settings as varied as eighteenth century French women's work, twentieth century urban Boston, colonial India, the Jim Crow South and twentieth century rural Congo. In all these settings and more, friendship has mattered. Boundary crossing friendships are however not easy. Despite their power such friendships are complicated by race, gender, ability, class, nationality and other elements of identity as this book also demonstrates. Friendships are not immune from the divisions in the world nor a simple cure all for them. Still, friendship stands as a powerful testimony to the gospel. Therefore the book calls for more attention to friendship in the study of mission history and more living out of friendship as a practice of mission. In this way this book pays honor to Dr. Dana L. Robert as a pre-eminent mission scholar and exemplary friend and mentor to others in the fields of missiology and world Christianity.

Polycentric Missiology Allen Yeh, 2016-11-10 Allen Yeh traces the history of the five 2010-2012 conferences on five continents celebrating the Edinburgh 1910 World Missionary Conference. Highlighting the crucial missiological issues of our era he creates a portrait of a contemporary global Christian mission that encompasses every continent embodying good news from everyone to everywhere.

The Gospel and Pluralism Today Scott W. Sunquist, Amos Yong, 2015-10-06 This collection of essays explores the legacy of Lesslie Newbigin's classic work *The Gospel in a Pluralist Society* critically analyzing the nature of Western pluralism and discussing the influence of Newbigin's work on the field of missiology. By looking backward this volume advances a vision for Christian witness in the pluralistic world of the twenty-first century.

Twentieth-Century Global Christianity Mary Farrell Bednarowski, 2008

The Rise of the Global South Elijah Jong Fil Kim, 2012-04-06 Global Christianity has been experiencing an unprecedented historical transition from the West to the non-Western world. The leadership of global Christianity has taken on a new face since the twentieth century. Christendom in Europe and America has experienced a great decline while there has been a rise in Majority World Christianity. Churches in the Global South have given their voices to global Christianity through their leadership, world mission movements and theology. The phenomenal church growth has risen from the Pentecostal and Charismatic movement. Pentecostalism has become the dominant force in global Christianity today. *The Rise of the Global South* examines the significance this shift has had on global Christianity by going through the history of Christianity in the West and the causes of the shift.

The Decline of Established Christianity in the Western World Paul Silas Peterson, 2017-09-22 While church attendance in the West is often cited as being in decline it is argued that this applies primarily to the older established forms of Christianity. Other expressions of the faith are in fact stable or even growing. This volume provides multidisciplinary interpretations of and responses to one of the most complicated and

controversial issues regarding the global transformation of Christianity today the decline of established Christianity in the Western world It also addresses the future of Christianity in the West after the decline Drawing upon historical research sociology religious studies philosophy and theology an international panel of contributors provide new theoretical frameworks for understanding this decline and offer creative suggestions for responding to it Established Christianity is conceptualized as historically culturally socially and politically embedded religion with or without official established status This is a dynamic volume that gives fresh perspective on one of the great social changes taking place in the West today As such it will be of great interest to scholars of religious sociology history and anthropology as well as theologians **Global Awakening** Mark R. Shaw,2010-05-07 The last century has seen the revolutionary remaking of Christianity into a truly world religion How did it happen What triggered the emergence of this new global faith no longer dominated by the West full of new and vital forms of devotion Mark Shaw's provocative thesis is that far flung revivals are at the heart of the global resurgence of Christianity These were not the quirky folk rituals associated with rural America and nineteenth century camp meetings that belong more to an age of plows and prairies than of postmodernity and globalization Rather they were like forces of nature protean constantly adjusting their features and ferocity to new times and to new places speaking Spanish Portuguese Yoruba Korean Mandarin and Gujarati They crossed the equator As they traveled abroad they grabbed hold of missionaries Bible translations national evangelists globalization and glossolalia and turned them into a religious revolution In this engaging book we read the stories of Joseph Babalola and the Aladura Revival in Africa of Kil Sun Ju and the great Korean revival of 1907 of Paulo Borges Jr and explosion of neo Pentecostalism in Brazil and of V S Azariah and the mass conversions of the Dalit people in India As Shaw paints portraits of these and many more his gallery fills and we begin to see beyond isolated pictures to the sweeping landscape that we didn't realize was before our eyes all the time **World Christianity in the 20th Century**

Noel Davies,Martin Conway,2008 Provides readers with an overall insight into and analysis of Christianity became a genuinely worldwide faith in the 20th century for the first time Written for 2nd and 3rd year university students and in seminaries the book maps out the development of Christianity towards genuinely becoming a world religion **How God Saves the World** Timothy Tennent,2016-11-15 **World Christianity in the Twentieth Century** Noel Davies,Martin Conway,2008 Christianity **Crossing Cultural Frontiers** Walls, Andrew F.,2017-10-12 **The Next Christendom** Philip Jenkins,2011-09-01 In this new and substantially expanded Third Edition Philip Jenkins continues to illuminate the remarkable expansion of Christianity in the global South in Africa Asia and Latin America Drawing upon the extensive new scholarship that has appeared on this topic in recent years he asks how the new Christianity is likely to affect the poor among whom it finds its most devoted adherents How should we interpret the enormous success of prosperity churches across the Global South Politically what will be the impact of new Christian movements Will Christianity contribute to liberating the poor to give voices to the previously silent or does it threaten only to bring new kinds of division and conflict
