The University Of Chicago The Campus Guide An Architectural Tour:

The University of Chicago Jay Pridmore, 2006 University of Chicago Jay Pridmore, 2006-02-02 The newest title in the Princeton Architectural Press Campus Guide series takes readers on a tour of the University of Chicago an institution that since its founding in 1890 has exerted a profound impact on American higher education This elegantly written guide shows the campus as a wonderfully eccentric and vastly underappreciated element of Chicagos revered built environment Designed in the English Gothic style of its time the original campus planned by Chicago architect Henry Ives Cobb had a commonality of vision that made it equal in quality to the finest in America As the traditional reliance on the Gothic gave way to modernist styles the campus was expanded with buildings by such notable architects as Eero Saarinen Mies van der Rohe Frank Lloyd Wright and Walter Netsch The university s most recent additions include Cesar Pelli s 2003 Gerald Ratner Athletics Center and Rafael Violy s Graduate School of Business complex Beautifully photographed in full color the guide presents an architectural walk of this campus distinguished by landmark buildings **Northwestern University** Jay

Pridmore, 2009-07-01 Northwestern University The Campus Guide takes readers on a vivid trip through this campus s compelling history from the 19th century to the present day This highly illustrated guide presents a wide variety of buildings ranging from Prairie style to Collegiate Gothic by historically important architects like Charles Coolidge Daniel Burnham and Company and Skidmore Owings Merrill and landscape designs by Jens Jensen Insightfully written by Jay Pridmore Northwestern University The Campus Guide reveals the stories behind the buildings residences and landscapes of the Northwestern campus Exquisitely painted three dimensional maps locate the buildings in nine architectural walks covering both the Evanston and Chicago sections of the campus and exploring Northwestern s unique relationship with its urban surroundings **Building Ideas** Jay Pridmore, 2013-07-22 Many books have been written about the University of Chicago

over its 120 year history but most of them focus on the intellectual environment favoring its great thinkers and their many breakthroughs Yet for the students and scholars who live and work here the physical university its stately buildings and beautiful grounds forms an important part of its character Building Ideas An Architectural Guide to the University of Chicago explores the environment that has supported more than a century of exceptional thinkers This photographic guide traces the evolution of campus architecture from the university s founding in 1890 to its plans for the twenty first century When William Rainey Harper the university s first president and the trustees decided to build a set of Gothic quadrangles they created a visual link to European precursors and made a bold statement about the future of higher education in the United States Since then the university has regularly commissioned forward thinking architects to design buildings that expand or explode traditional ideals while redefining the contemporary campus Full of panoramic photographs and exquisite details Building Ideas features the work of architects such as Frank Lloyd Wright Henry Ives Cobb Holabird Roche Eero Saarinen Ludwig Mies van der Rohe Walter Netsch Ricardo Legorreta Rafael Violy C sar Pelli Helmut Jahn and Tod Williams Billie Tsien

Architects The guide also includes guest commentaries by prominent architects and other notable public figures It is the perfect collection for Chicago alumni and students Hyde Park residents and visitors and anyone inspired by the institutional ideas and aspirations of architecture

Imagining Spaces and Places Saija Isomaa, Kirsi Saarikangas, 2014-07-18 Imagining Spaces and Places seeks to produce an interdisciplinary dialogue between art history and literature studies and other fields of cultural analysis that work with the concepts of space place and various scapes such as cityscapes bodyscapes mindscapes and memoryscapes as well as the more familiar landscapes The volume was inspired by new lines of study that underline the experiential and multidimensional aspects of spaces We explore how art literature or urban spaces forge scapes by imposing or suggesting aesthetic evaluative or ideological orderings and perceptual as well as emotive perspectives on the raw material or on previous ways of spatial worldmaking We look at the role of cultural and artistic renderings of space in relation to everyday experiences of spaces We examine how the experiences of places are mediated in various art forms and other cultural discourses or practices and how these discourses contribute to the understanding of particular places and also to understanding space in more general terms Imagining Spaces and Places is addressed to scholars and teachers working at the intersection of cultural and spatial analyses as well as to their undergraduate and postgraduate students

The University of Chicago Magazine, 2005 *University Planning and Architecture* Jonathan Coulson, Paul Roberts, Isabelle Taylor, 2015-01-09 The environment of a university what we term a campus is a place with special resonance They have long been the setting for some of history's most exciting experiments in the design of the built environment Christopher Wren at Cambridge Le Corbusier at Harvard and Norman Foster at the Free University Berlin the calibre of practitioners who have shaped the physical realm of academia is superlative Pioneering architecture and innovative planning make for vivid assertions of academic excellence while the physical estate of a

university can shape the learning experiences and lasting outlook of its community of students faculty and staff However the mounting list of pressures economic social pedagogical technological currently facing higher education institutions is rendering it increasingly challenging to perpetuate the rich legacy of campus design In this strained context it is more important than ever that effective use is made of these environments and that future development is guided in a manner that will answer to posterity This book is the definitive compendium of the prestigious sphere of campus design envisaged as a tool to help institutional leaders and designers to engage their campus s full potential by revealing the narratives of the world s most successful time honoured and memorable university estates It charts the worldwide evolution of university design from the Middle Ages to the present day uncovering the key episodes and themes that have conditioned the field and through a series of case studies profiles universally acclaimed campuses that through their planning architecture and landscaping have made original influential and striking contributions to the field By understanding this history present and future generations can distil important lessons for the future The second edition includes revised text many new images and new case studies of the Central University of Venezuela and Indian Institute of Management Ahmedabad
