The Transgender Child

Transgender Child Stephanie Brill, Rachel Pepper, 2022-06-14 Ever since its initial publication in 2008 The Transgender Child has been lauded as the most trusted source of information for families wanting to understand and affirm their transgender gender expansive or nonbinary child Utilized around the world and translated into multiple languages The Transgender Child has won accolades from medical and mental health professionals teachers and most especially from parents Authors Stephanie Brill and Rachel Pepper have now thoroughly revised and updated their ground breaking classic with expanded coverage of gender development affirming parenting practices mental health and wellness medical decision making legal advocacy and how best to ensure school success from preschool through the high school years Drawing upon their extensive joint expertise as pioneers in the field of gender affirming care and enriched with the wisdom of parents who ve already walked this path as well as the voices of multiple professional experts Brill and Pepper once again provide a compassionate and educational guide for anyone who cares about or works with a child who falls outside expected gender norms

Raising the Transgender Child Michele Angello, Ali Bowman, 2016-12-13 Written by top experts in the field Raising the Transgender Child offers much needed answers to all the questions parents and other adults ask about raising and caring for transgender and gender diverse children Is this just a phase Did I do something to cause this How do we protect these children Who should I tell and how Will anyone love my child Written by Dr Michele Angello a leading therapist and go to expert in the field of transgender parenting and Ali Bowman bestselling writer and parent advocate Raising the Transgender Child helps readers champion and celebrate gender diverse children while at the same time shedding fear anger sadness and embarrassment With specific and actionable advice including coming out letters identity challenges school and caregiver communications and more this comprehensive guide provides a wealth of science backed information alongside friendly and practical wisdom that is sure to comfort guide and inspire the family and friends of transgender and gender diverse children

The Transgender Child Stephanie Brill, Rachel Pepper, 2008-06-03 This comprehensive first of its kind guidebook explores the unique challenges that thousands of families face every day raising their children in every city and state Through extensive research and interviews as well as years of experience working in the field the authors cover gender variance from birth through college What do you do when your toddler daughter s first sentence is that she s a boy What will happen when your preschool son insists on wearing a dress to school Is this ever just a phase How can you explain this to your neighbors and family How can parents advocate for their children in elementary schools What are the current laws on the rights of transgender children What do doctors specializing in gender variant children recommend What do the therapists say What advice do other families who have trans kids have What about hormone blockers and surgery What issues should your college bound trans child be thinking about when selecting a school How can I best raise my gender variant or transgender child with love and compassion even when I barely understand the issues ahead of us And what is gender anyway These questions

and more are answered in this book offering a deeper understanding of gender variant and transgender children and teens

[Histories of the Transgender Child](#) Jules Gill-Peterson,2018-10-23 A groundbreaking twentieth century history of transgender children With transgender rights front and center in American politics media and culture the pervasive myth still exists that today s transgender children are a brand new generation pioneers in a field of new obstacles and hurdles

Histories of the Transgender Child shatters this myth uncovering a previously unknown twentieth century history when transgender children not only existed but preexisted the term transgender and its predecessors playing a central role in the medicalization of trans people and all sex and gender Beginning with the early 1900s when children with ambiguous sex first sought medical attention to the 1930s when transgender people began to seek out doctors involved in altering children s sex to the invention of the category gender and finally the 1960s and 70s when as the field institutionalized transgender children began to take hormones change their names and even access gender confirmation Julian Gill Peterson reconstructs the medicalization and racialization of children s bodies Throughout they foreground the racial history of medicine that excludes black and trans of color children through the concept of gender s plasticity placing race at the center of their analysis and at the center of transgender studies Until now little has been known about early transgender history and life and its relevance to children Using a wealth of archival research from hospitals and clinics including incredible personal letters from children to doctors as well as scientific and medical literature this book reaches back to the first half of the twentieth century a time when the category transgender was not available but surely existed in the lives of children and parents

The

Transgender Child Stephanie Brill,Rachel Pepper,2008-06-28 This comprehensive first of its kind guidebook explores the unique challenges that thousands of families face every day raising their children in every city and state Through extensive research and interviews as well as years of experience working in the field the authors cover gender variance from birth through college What do you do when your toddler daughter s first sentence is that she s a boy What will happen when your preschool son insists on wearing a dress to school Is this ever just a phase How can you explain this to your neighbors and family How can parents advocate for their children in elementary schools What are the current laws on the rights of transgender children What do doctors specializing in gender variant children recommend What do the therapists say What advice do other families who have trans kids have What about hormone blockers and surgery What issues should your college bound trans child be thinking about when selecting a school How can I best raise my gender variant or transgender child with love and compassion even when I barely understand the issues ahead of us And what is gender anyway These questions and more are answered in this book offering a deeper understanding of gender variant and transgender children and teens

Inventing Transgender Children and Young People Heather Brunskell-Evans,Michele Moore,2019-10-08 The essays in this volume are written by clinicians psychologists sociologists educators parents and de transitioners Contributors demonstrate how transgender children and young people are invented in different medical social and political contexts from

specialist gender identity development services to lobby groups and their school resources gender guides and workbooks from the world of the YouTube vlogger to the consulting rooms of psychiatrists from the pharmaceutical industry to television documentaries and from the developmental models of psychologists to the complexities of intersex medicine Far from just investigating how they are invented the authors demonstrate the considerable psychological and physical harms perpetrated on children and young people by transgender ideology and offer tangible examples of where and how adults should intervene to protect them

The Transgender Child Stephanie Brill,Rachel Pepper,2008 Wat doe je als je zoon en jurk aan wil voor school Of als de eerste volzin die je dochter uitspreekt ik ben een jongen is The Transgender Child biedt antwoorden op deze en andere vragen door middel van een uitgebreide kijk op de levens van een aantal gender variante en transgender jongeren Zowel ontwikkelings en onderwijsaspecten alsook juridische en medische struikelblokken komen aan bod met als doel een zo algemeen mogelijk beeld weer te geven van de uitdagingen waarmee ouders te maken kunnen krijgen

The Auditorium in My Mind: Treasuring My Transgender Child Lisa Brennan,2019-12-26 In January of 2018 Lisa started a new chapter of life as her youngest child shared with the family that she is a transgender woman After some adjustment the Brennan family has found that when you treasure someone for who they are it is magical and sacred Lisa wrote a beginner s guidebook for family and friends and to her surprise it was widely shared with churches hospitals and schools asking her to share her family s adventure of love and acceptance This prompted Lisa to write a book about her family s journey She hopes that it will spread some education and love into the world

I Promised Not to Tell Cheryl B. Evans,2016-07-15 **Trans Kids** Tey Meadow,2018-08-17 Trans Kids is a trenchant ethnographic and interview based study of the first generation of families affirming and facilitating gender nonconformity in children Earlier generations of parents sent such children for psychiatric treatment aimed at a cure but today many parents agree to call their children new names allow them to wear whatever clothing they choose and approach the state to alter the gender designation on their passports and birth certificates Drawing from sociology philosophy psychology and sexuality studies sociologist Tey Meadow depicts the intricate social processes that shape gender acquisition Where once atypical gender expression was considered a failure of gender now it is a form of gender Engaging and rigorously argued Trans Kids underscores the centrality of ever more particular configurations of gender in both our physical and psychological lives and the increasing embeddedness of personal identities in social institutions

My Child Told Me They're Trans...What Do I Do? Brynn Tannehill,2023-02-21 My child just came out to me as trans What should I do If you are a parent looking for an answer to this question you have come to the right place Gathering together practical advice and personal experiences from a range of parents activists and experts this FAQ book provides answers to the most common questions you will have as a parent of a transgender child What if they change their minds How do I make sure my child is safe at school How do we tell our other children Sharing their experiences of how they navigated their child s transition to raise a happy and healthy child the parents in this book will give

you the tools you need to support your trans child to thrive while the experts provide a research based perspective on supporting trans youth With answers to everything you need to know from social transition mental health and medical care through to schools faith and your personal feelings as a parent this is the ultimate resource for any family with a trans child

Trans Kids and Teens Elijah C. Nealy, 2017-05-02 A comprehensive guide to the medical emotional and social issues of trans kids These days it is practically impossible not to hear about some aspect of transgender life Whether it is the bathroom issue in North Carolina trans people in the military or on television trans life has become front and center after years of marginalization And kids are coming out as trans at younger and younger ages which is a good thing for them But what written resources are available to parents teachers and mental health professionals who need to support these children Elijah C Nealy a therapist and former deputy executive director of New York City's LGBT Community Center and himself a trans man has written the first ever comprehensive guide to understanding supporting and welcoming trans kids Covering everything from family life to school and mental health issues as well as the physical social and emotional aspects of transition this book is full of best practices to support trans kids

The Trans Generation Travers, 2019-08-15 Winner 2019 PROSE Award for Anthropology Criminology and Sociology presented by the Association of American Publishers A groundbreaking look at the lives of transgender children and their families Some boys will only wear dresses some girls refuse to wear dresses in both cases as Ann Travers shows in this fascinating account of the lives of transgender kids these are often more than just wardrobe choices Travers shows that from very early ages some at two and three years old these kids find themselves to be different from the sex category that was assigned to them at birth How they make their voices heard to their parents and friends in schools in public spaces and through the courts is the focus of this remarkable and groundbreaking book Based on interviews with transgender kids ranging in age from 4 to 20 and their parents and over five years of research in the US and Canada The Trans Generation offers a rare look into what it is like to grow up as a trans child From daycare to birthday parties and from the playground to the school bathroom Travers takes the reader inside the day to day realities of trans kids who regularly experience crisis as a result of the restrictive ways in which sex categories regulate their lives and put pressure on them to deny their internal sense of who they are in gendered terms As a transgender activist and as an advocate for trans kids Travers is able to document from first hand experience the difficulties of growing up trans and the challenges that parents can face The book shows the incredible time energy and love that these parents give to their children even in the face of at times unsupportive communities schools courts health systems and government laws Keeping in mind that all trans kids are among the most vulnerable to bullying violent attacks self harm and suicide and that those who struggle with poverty racism lack of parental support learning differences etc are extremely at risk Travers offers ways to support all trans kids through policy recommendations and activist interventions Ultimately the book is meant to open up options for kids own gender self determination to question the need for the sex binary and to highlight ways that cultural and

material resources can be redistributed more equitably The Trans Generation offers an essential and important new understanding of childhood *I Am Jazz* Jessica Herthel,Jazz Jennings,2014-09-04 The story of a transgender child based on the real life experience of Jazz Jennings who has become a spokesperson for transkids everywhere This is an essential tool for parents and teachers to share with children whether those kids identify as trans or not I wish I had had a book like this when I was a kid struggling with gender identity questions I found it deeply moving in its simplicity and honesty Laverne Cox who plays Sophia in Orange Is the New Black From the time she was two years old Jazz knew that she had a girl s brain in a boy s body She loved pink and dressing up as a mermaid and didn t feel like herself in boys clothing This confused her family until they took her to a doctor who said that Jazz was transgender and that she was born that way Jazz s story is based on her real life experience and she tells it in a simple clear way that will be appreciated by picture book readers their parents and teachers

Transgender Children and Young People Heather Brunskell-Evans,Michele Moore,2018-04-18 This book is a collection of essays about the current theory and practice of transgendering children Essays are written against the grain of the popularised medical definition of the transgender child as a young person whose true gender lies in the brain or pre social identity Contributors contest this diagnosis from a range of perspectives including as social theorists psychotherapists persons living as transgender individuals who have de transitioned and parents of adolescents identifying as transgender They argue that medicine social policy and the law build ideas about the transgender child and contend that it is politics not science which accounts for the exponential rise in the number of children diagnosed as transgender by gender identity clinics They conclude that today s medical and social trend for transgendering children is not liberal and progressive but politically reactionary physically and psychologically dangerous and abusive

"Girl Nutz": the Epitome of Femininity Anne Smith,2012-07-28 This book was originally written to share with other parents of transgender children our journey as a family while we experienced my child change from boy to girl at such a young age It ideally was written to let you know you are not alone in this experience and hopefully you will find some joy along the way as well Many sections will carry you on the journey with us from the beginning through to the present day and everything in between It shares stories inner thoughts struggles triumphs perspectives and family dynamics involving the transformation A parent s perspective is far different from the transgender child or any other member of the family so I hope it helps you understand the inside of a family who has traveled down this path together and come out the other end smiling even bigger than before Your heart will fill with the emotional aspect of a parent s love and support that is so clearly needed when raising a transgender child I have laid out the details from the very beginnings of our journey and documented major milestones along the way to paint a clear picture of how we handled the transformation with our child from little boy to little girl Events have all impacted our decisions for each and every detail we handle with regards to raising a transgender child past present and future Join us on this journey and enjoy the ride of this thing we call life

The Transgender Child: Revised & Updated Edition Stephanie Brill,Rachel

Pepper,2022-06-14 Ever since its initial publication in 2008 The Transgender Child has been lauded as the most trusted source of information for families wanting to understand and affirm their transgender gender expansive or nonbinary child Utilized around the world and translated into multiple languages The Transgender Child has won accolades from medical and mental health professionals teachers and most especially from parents Authors Stephanie Brill and Rachel Pepper have now thoroughly revised and updated their ground breaking classic with expanded coverage of gender development affirming parenting practices mental health and wellness medical decision making legal advocacy and how best to ensure school success from preschool through the high school years Drawing upon their extensive joint expertise as pioneers in the field of gender affirming care and enriched with the wisdom of parents who ve already walked this path as well as the voices of multiple professional experts Brill and Pepper once again provide a compassionate and educational guide for anyone who cares about or works with a child who falls outside expected gender norms *Raising Ryland* Hillary

Whittington,2016-02-23 This powerful moving story which has already touched more than seven million through a viral video created by the Whittington family is a mother s first hand account of her emotional choice to embrace her transgender child When Hillary and Jeff Whittington posted a YouTube video chronicling their five year old son Ryland s transition from girl to boy they didn t expect it to be greeted with such fervor Beautiful and moving the video documenting Hillary s and Jeff s love for their child instantly went viral and has been seen by more than seven million viewers since its posting in May 2014 Now for the first time they tell their story in full offering an emotional and moving account of their journey alongside their exceptional child After they discovered their daughter Ryland was deaf at age one and needed cochlear implants the Whittingtons spent nearly four years successfully teaching Ryland to speak But once Ryland gained the power of speech it was time for them to listen as Ryland insisted I am a boy And listen they did After learning that forty one percent of people who identify as transgender attempt to take their own lives Hillary and her husband Jeff made it their mission to support their child no matter what From the earliest stages of deciphering Ryland through clothing choices to examining the difficult conversations that have marked every stage of Ryland s transition Hillary Whittington shares her experiences as a mother through it all demonstrating both the resistance and support that their family has encountered as they try to erase the stigma surrounding the word transgender In telling her family s story she hopes she can assist the world in accepting that even children as young as five can have profound and impactful things to say and share What emerges is a powerful story of unconditional love accepting others for who they are and doing what s right regardless of whether those around you understand it **About a Girl** Rebekah Robertson,2019-09-03 In 2000 Rebekah gave birth to twin boys George and Harry But as they grew older their preferences began to show and by the age of three it was clear Georgie was drawn to anything that was pretty or had a skirt that could swirl Before long Georgie was insisting that she was a girl and became distressed that she had to hide who she really was when she began school Soon the bullying started and she would come home in floods

of tears begging her mother to help her Rebekah and her husband conflicted about how to proceed and overwhelmed by fear united in their determination to help her live freely and fearlessly To ensure Georgie had access to medical support they sought permission for her to begin puberty blocking medication Their case was the start of the long road to justice for transgender children in Australia and became the basis of the 2013 landmark decision to remove the Family Court's jurisdiction Georgie has gone on to become one of the brightest stars of the Australian youth leadership landscape through her advocacy work And Rebekah founded Transcend a support network for transgender kids and their families in Australia Part memoir and part inspirational message of hope for those navigating a similar path About a Girl is a thought provoking and profoundly moving true story Above all it is a celebration of family and the values that unite us all A remarkable document of an Australian civil rights landmark and a moving testament to the ferocity of parental love Benjamin Law

Transitions of the Heart Rachel Pepper, 2012-05-01 *Transitions of the Heart* is the first collection to ever invite mothers of transgender and gender variant children of all ages to tell their own stories about their child's gender transition Often transitioning socially and emotionally alongside their child but rarely given a voice in the experience mothers hold the key to familial and societal understanding of gender difference Sharing stories of love struggle and acceptance this collection of mother's voices representing a diversity of backgrounds and sexual orientations affirms the experience of those who have raised and are currently raising transgender and gender variant children between the ages of 5-50 Edited by Rachel Pepper a gender specialist and co author of the acclaimed book *The Transgender Child* *Transitions of the Heart* will prove an invaluable resource for parents coming to terms with a child's gender variance or transition

Reviewing **The Transgender Child The Transgender Child**: Unlocking the Spellbinding Force of Linguistics
