The Trinitarian Self The Key To The Puzzle Of Violence:

The Trinitarian Self Charles K Bellinger, 2010-08-27 The Trinitarian Self argues that the insights of three key authors Soren Kierkegaard Eric Voegelin and Rene Girard can be synthesized to produce a Trinitarian theological anthropology Their reflections on the deep roots of human behavior illuminate three structural dimensions of human existence the temporal trajectory of selfhood the vertical axis God and nature and the horizontal plane of cultural formation An understanding of these dimensions and how they interrelate proves very fruitful in making sense of a wide variety of pathological forms of behavior that human beings have engaged in during the modern era This work links together in thought provoking ways various realms of thought such as Trinitarian theology a plea for a New Copernican Revolution that will result in a broadly held psychological understanding of violence the ethics of war and peace atonement theologies and critical commentaries on terrorism and the War on Terror The interplay between these topics will likely prove very stimulating to a wide variety of readers

Justice That Transforms, Volume One Wayne Northey, 2020-01-09 Restorative Justice was a term and concept largely unused before the mid 1970s Wayne Northey happened to be in on the ground floor of facilitating its worldwide adoption as a challenge to Western retributive justice systems ultimately to violent responses to conflict domestically and internationally The most replicated early model of Restorative Justice based on the well known Elmira Case was a Canadian first initially dubbed Victim Offender Reconciliation Project VORP The author became its second director in 1977 The term mediation later displaced the more religious word reconciliation as the model spread outside Christian moorings and program displaced the initially more tentative project At seminary Northey had learned to think through one's vocation theologically He began in that vein writing and publishing on this profound call for a systemic paradigm shift and has been at it ever since This publication is volume 1 of a series of his collected writings of which two additional volumes may be found online Two or three further volumes are projected

[The Golden Cord](#) Kristin A. Vargas, 2022-08-10 The Golden Cord takes readers on a journey through Saint John Chrysostom's teaching on the Christian family Coupling his spiritual wisdom with insights from some of the greatest modern thinkers The Golden Cord invites thoughtful parents and teachers to delve deeper into the treasury of their ancient Christian heritage Faith tradition and contemporary thought do not always have to be at odds The author explores how current and ancient sources can agree on the subject of how the Christian family can grow together in virtue and stand firm against the powerful antichristian forces that move through secular society This exploration focuses on three key elements of St John's pedagogy for the family spiritual exercise imitation and story telling

René Girard and Secular Modernity Scott Cowdell, 2015-11-30 In *René Girard and Secular Modernity* Christ Culture and Crisis Scott Cowdell provides the first systematic interpretation of René Girard's controversial approach to secular modernity Cowdell identifies the scope development and implications of Girard's thought the centrality of Christ in Girard's thinking and in particular Girard's distinctive take on the uniqueness and finality of Christ in terms of his impact on Western culture

In Girard's singular vision according to Cowdell secular modernity has emerged thanks to the Bible's exposure of the cathartic violence that is at the root of religious prohibitions myths and rituals In the literature the psychology and most recently the military history of modernity Girard discerns a consistent slide into an apocalypse that challenges modern ideas of romanticism individualism and progressivism In the first three chapters Cowdell examines the three elements of Girard's basic intellectual vision mimesis sacrifice biblical hermeneutics and brings this vision to a constructive interpretation of secularization and modernity as these terms are understood in the broadest sense today Chapter 4 focuses on modern institutions chiefly the nation state and the market that function to restrain the outbreak of violence And finally Cowdell discusses the apocalyptic dimension of Girard's theory in relation to modern warfare and terrorism Here Cowdell engages with the most recent writings of Girard particularly his *Battling to the End* and applies them to further conversations in cultural theology political science and philosophy Cowdell takes up and extends Girard's own warning concerning an alternative to a future apocalypse What sort of conversion must humans undergo before it is too late

Reading from the Underside of Selfhood Lisa E. Dahill, 2009-01-01 Dietrich Bonhoeffer's example of self-sacrificing discipleship has for over fifty years inspired Christians around the world in both their resistance to evil and their devotion to Jesus Christ Yet for some readers particularly those who suffer trauma abuse and other forms of violence Bonhoeffer's insistence on self-sacrifice on becoming a person for others may prove more harmful than liberating For those already socialized into self-abnegation uncritical applications of Bonhoeffer's teachings may reinforce submission rather than resistance to evil This study explores Bonhoeffer's understandings of selfhood and spiritual formation both in his own experience and writings and in light of the role of gender in psycho-spiritual development The central constructive chapter creates a mediated conversation between Bonhoeffer and these feminist psychologists on the spiritual formation of survivors of trauma and abuse including not only dimensions of his thinking to be critiqued from this perspective but also important resources he contributes toward a truly liberating Christian spirituality for those on the underside of selfhood The book concludes with suggestions regarding the broader relevance of this study and implications for ministry The insights for spiritual formation developed here provide powerful proof of Bonhoeffer's continuing and concretely contextualized relevance for readers across the full spectrum of human selfhood

Truth and Compassion Robert Petkovsek, Bojan Zalec, 2017 Truth and Compassion offers an integral and interdisciplinary view on truth and compassion their mutual connectedness the meaning of their cultivation and the devastating consequences of their neglect and destruction The authors analyze their various forms their origins and concrete ways and attempts of their repression Essays focus on the attention to truth and compassion under communism but this is only one of its segments As a whole topics range from basic theological and philosophical analysis to concrete historiographic treatments of particular cases The central message is that speaking about grievances communication dialogue empathy and solidarity are necessary for living in truth and compassion Series Theology East West Theologie Ost West Vol 20 Subject

Jesus V. Abortion

Charles K. Bellinger, 2016 There are three main positions that people adopt within the abortion debate pro life muddled middle and pro choice Jesus v Abortion critiques the pro choice and muddled middle positions employing several unusual angles 1 The question What would Jesus say about abortion if he were here today is given very substantial treatment 2 The abortion debate is usually conducted using moral and metaphysical arguments this book adds in anthropological insights regarding the function of violence in human culture 3 Rights language is employed by both sides of the debate to opposite ends this book leads the reader to ask deep questions about the concept of rights 4 The use of historical analogies in the abortion debate goes both directions in the sense that both sides accuse the other of being similar to the defenders of slavery this book contains what is probably the most sophisticated and sustained analysis of the meaning and legitimacy of such analogies 5 Many important thinkers are brought into this conversation such as Soren Kierkegaard Eric Voegelin Julien Benda Simone Weil Kenneth Burke Richard Weaver

Rene Girard Philip Rieff Giorgio Agamben Chantal Delsol Paul Kahn and David Bentley Hart **The Kierkegaard-Girard Option** Charles K. Bellinger, 2019-11 *Trinitarian Self and Salvation* Scott D. Harrower, 2012-01-13 In 1967 Karl Rahner famously wrote The economic Trinity is the immanent Trinity and vice versa From that time onwards Rahner's Rule has become the norm for conceiving the relationship between the Trinity in the economy of salvation and God's eternal inner life Evangelical theologians currently employ Rahner's Rule in a variety of ways One of the most popular is the Strict Realist Reading whereby trinitarian relationships in salvation history are taken to mirror eternal relationships within God This book brings this norm into conversation with the witness of Scripture in order to assess its viability In doing so it highlights troubling issues that arise from the application of the Strict Realist Reading of Rahner's Rule to the narrative of Luke Acts This book suggests that the Strict Realist Reading can be shown to be a questionable basis for our doctrine of God's inner life
