## **The Unfinished Revolution The Battle For Americas Soul:**

*The Unfinished Revolution* Bill Whitehouse,2012-02-01 The Occupy Movement took many people by surprise with both its scope as well as with the manner in which it resonated with the deep sense of discontentment that appears to be felt by many people in the United States concerning the economic and political character of American life This book is intended to help bring a sharper focus to the concerns that are inherent in the dissatisfaction that people have concerning the idea of politics as usual by offering a clear differentiation between the way of power i e poltics as usual and the way of sovereignty that gives expression to a very different notion of democracy one that is constructive not destructive    **Unscientific America: 9/11,**

**Harris and Chomsky** Anab Whitehouse,2018-11-06 This book serves as a concise and incisive introduction into various aspects of the 9 11 issue and does so in a unique fashion Among other things it gives expression to an overview of the transformation that took place in the understanding of Peter Michael Ketchum a former employee of NIST with respect to the issue of 9 11 and the book also pursues a fairly extensive round of critical reflection in relation to the rather disturbing views of Sam Harris and Noam Chomsky on matters pertaining to 9 11 More specifically despite the fact that both Dr Harris and Professor Chomsky are considered at least by some people to be scientists nonetheless rather surprisingly if not shockingly in the matter of 9 11 neither of the foregoing two gentlemen seems to exhibit the basic qualities one might expect from a scientist namely curiosity rigor insight methodology attention to detail concern for the quality of evidence logical analysis or the capacity to ask probing questions but instead they appear to be preoccupied with manufactured conspiracies of one kind or another This book *Unscientific America 9 11* Harris and Chomsky will present a substantial amount of evidence to demonstrate that in the matter of 9 11 neither Dr Harris nor Professor Chomsky appears to know all that much about the actual facts of 9 11 Yet such a lack of knowledge has not prevented either of those two individuals from making all manner of allegations concerning the events of that tragic day that seem to be unsubstantiated In the matter of 9 11 both Dr Harris and Professor Chomsky behave in a way that suggests that they each in his own inimitable style appear to have become deeply entangled in a process of willful blindness in which they could have known relevant facts concerning 9 11 and should have known those facts but instead seem to have taken active steps to ignore such information and as a result bear a certain amount of responsibility for the ensuing tragedies that might have been prevented or lessened to some degree if Dr Harris and Professor Chomsky had been less cavalier in their mishandling of the actual evidence of 9 11 and in the process appear to have misled millions of other individuals concerning the facts of that occasion    **Framing 9/11, 3rd Edition** Anab

Whitehouse,2018-11-06 One of the readers of the first edition of this book considered it to be the best work that has been written on the subject of 9 11 The 3rd edition seeks to make a very good book even better *Framing 9 11 3rd Edition* contains all of the material that was present in the first two editions This includes critical discussions on The collapse of Building 7 the no planes issue controlled demolition the work of Dr Judy Wood commentary on the views of Bill Maher and Matt Taibi

concerning 9 11 Conspiracy and other C words as well as a series of Did You Know features The current updated edition of Framing 9 11 involves more than 150 pages of new material and much of this is contained in chapter of this book entitled Unscientific America 9 11 Sam Harris and Noam Chomsky The penultimate chapter of this book also contains new material It consists of an overview of and introduction to the work of Rebekah Roth which is given expression in her Methodical trilogy as well as through a variety of interviews The final chapter of the 3rd Edition gives expression to an exploration of The 9 11 Delusion and Its Consequences This discussion will critically examine the etiology of our current dilemma and provide an outline concerning how the very first step taken toward the pathology in which we are mired today began when Americans both leaders and ordinary citizens ceded their moral and intellectual agency to something other than the truth and in the process became vulnerable to the 9 11 delusion By becoming entangled in that delusion all too many people were prepared to commit crimes against peace i e unprovoked aggression against other people and nations which in turn led to war crimes and crimes against humanity However our nightmare began when people both leaders and ordinary citizens denied themselves and others the opportunity a to establish the truth about among other things 9 11 and b to use that truth to work to create conditions that are conducive to the realization of inalienable sovereignty for everyone

**The Sum of Our Dreams** Louis P. Masur,2020 This volume delivers a concise clear round up of American history starting from America s colonial era to current days of political disagreements and social uncertainty Covering central themes and events of American history Masur evaluates the contested meanings of the American dream and questions its viability

**The Constitution and American Racism** David P. Madden,2020-12-14 Racism has permeated the workings of the U S Constitution since ratification At the 1787 Constitutional Convention supporters of slavery ensured it was protected by rule of law The federal government upheld slavery until it was abolished by the Civil War then supported the South s Jim Crow power structure From Reconstruction through the Civil Rights Era until today veneration of the Constitution has not prevented lynching segregation voter intimidation or police brutality against people of color The Electoral College a Constitutional accommodation for slaveholding aristocrats who feared popular government has twice in 20 years given the presidency to the candidate who lost the popular vote This book describes how pernicious flaws in the Constitution included to legalize profiting from human bondage perpetuate systemic racism economic inequality and the subversion of democracy

**Race, Politics, and Reconstruction** Rory McGovern,Ronald G. Machoian,2024-10-11 The first in depth study of racial integration at West Point after the Civil War Race Politics and Reconstruction tells the story of racial integration at the United States Military Academy after the Civil War and spotlights the social environment and cultural currents that led to its failure The first attempt to racially integrate West Point proved not simply a lost opportunity but an opportunity sabotaged with shocking degrees of forethought and deliberation By investigating West Point s experience with race from varied and nuanced perspectives including those of the first Black cadets the US Army officer corps white cadets the Academy s faculty and staff and the Black and white American
