The Things They Carried:

The Things They Carried Tim O'Brien, 1990 One of the first questions people ask about *The Things They Carried* is this Is it a novel or a collection of short stories The title page refers to the book simply as a work of fiction defying the conscientious reader's need to categorize this masterpiece It is both a collection of interrelated short pieces which ultimately reads with the dramatic force and tension of a novel Yet each one of the twenty-two short pieces is written with such care emotional content and prosaic precision that it could stand on its own *The Things They Carried* depicts the men of Alpha Company Jimmy Cross Henry Dobbins Rat Kiley Mitchell Sanders Norman Bowker Kiowa and of course the character Tim O'Brien who has survived his tour in Vietnam to become a father and writer at the age of forty-three They battle the enemy or maybe more the idea of the enemy and occasionally each other In their relationships we see their isolation and loneliness their rage and fear They miss their families their girlfriends and buddies they miss the lives they left back home Yet they find sympathy and kindness for strangers the old man who leads them unscathed through the mine field the girl who grieves while she dances and love for each other because in Vietnam they are the only family they have We hear the voices of the men and build images upon their dialogue The way they tell stories about others we hear them telling stories about themselves With the creative verve of the greatest fiction and the intimacy of a searing autobiography *The Things They Carried* is a testament to the men who risked their lives in America's most controversial war It is also a mirror held up to the frailty of humanity Ultimately *The Things They Carried* and its myriad protagonists call to order the courage determination and luck we all need to survive In 1979 Tim O'Brien's *Going After Cacciato* a novel about the Vietnam War won the National Book Award In this his second work of fiction about Vietnam O'Brien's unique artistic vision is again clearly demonstrated Neither a novel nor a short story collection it is an arc of fictional episodes taking place in the childhoods of its characters in the jungles of Vietnam and back home in America two decades later
