O'Brien, Tilman Ruff, Mike Starr, Katherine Gibney, 2019-10-18 The fourth edition of this well received book provides an authoritative and up to date resource to support good practice in travel medicine a field that has evolved substantially in recent years. Concretely there has been intensified monitoring of health problems among travelers as well as extensive research efforts which have led to the development of evidence based approaches to the field. The book includes expert recommendations regarding e.g. immunizations, malaria prophylaxis, travelers diarrhea, altitude sickness, emerging infections and non infectious health issues encountered by travelers. It provides a practical approach to the pre travel consultation and management of most issues that arise in medical care for travelers. In addition it provides expert advice for high risk travelers e.g. those with immunosuppression, the elderly, pregnant women and young children. The text offers a user friendly practical handbook for healthcare practitioners during their clinical consultations as well as nurses and pharmacists.
