The Unknown Eastern Front The Wehrmacht And Hitlers Foreign Soldiers:

The Unknown Eastern Front Rolf-Dieter Müller, 2014-03-27 When Hitler launched Operation Barbarossa with his attack on the Soviet Union in June 1941 the Wehrmacht deployed 600 000 troops to the Eastern Front Their numbers were later swelled by a range of foreign volunteers so that at the height of World War II astonishingly one in three men fighting for the Germans in the East was not a native German Hitler s declaration of the struggle against Bolshevism reverberated throughout all of Europe among convinced fascists as well as among non Russian eastern Europeans seeking to regain their independence from the USSR Many of these volunteers subsequently became involved in the atrocities of the Wehrmacht and the SS Vilified by Hitler for their supposed failures condemned and forgotten by their homelands for treason and collaboration their involvement in the war has been largely ignored or swept aside by historians Rolf Dieter Müller here offers a fascinating new perspective on a little known aspect of World War II Enemy in the East Rolf-Dieter Müller, 2014-12-03 Operation Barbarossa Hitler s invasion of the Soviet Union in 1941 led to one of the most brutal campaigns of World War II of the estimated 70 million people who died in World War II over 30 million died on the Eastern Front Although it has previously been argued that the campaign was a pre emptive strike in fact Hitler had been planning a war of intervention against the USSR ever since he came to power in 1933 Using previously unseen sources acclaimed military historian Rolf Dieter Müller shows that Hitler and the Wehrmacht had begun to negotiate with Poland and had even considered an alliance with Japan soon after taking power Despite the signing of the Molotov Ribbentrop Pact at the declaration of war in September 1939 military engagement with the Red Army was still a very real and imminent possibility In this book Müller takes us behind the scenes of the Wehrmacht High Command providing a fascinating insight into an unknown story of World War II **Hitler's Wehrmacht, 1935-1945** Rolf-Dieter Müller, 2016-09-01 Since the end of World War II Germans have struggled with the legacy of the Wehrmacht the unified armed forces mobilized by Adolf Hitler in 1935 to ensure the domination of the Third Reich in perpetuity Historians have vigorously debated whether the Wehrmacht s atrocities represented a break with the past or a continuation of Germany s military traditions Now available for the first time in English this meticulously researched yet accessible overview by eminent historian Rolf Dieter Müller provides the most comprehensive analysis of the organization to date illuminating its role in a complex horrific era Müller examines the Wehrmacht s leadership principles organization equipment and training as well as the front line experiences of soldiers airmen Waffen SS foreign legionnaires and volunteers He skillfully demonstrates how state directed propaganda and terror influenced the extent to which the militarized Volksgemeinschaft national community was transformed under the pressure of total mobilization Finally he evaluates the army s conduct of the war from blitzkrieg to the final surrender and charges of war crimes Brief acts of resistance such as an officers rebellion of conscience in July 1944 embody the repressed principled humanity of Germany s soldiers but ultimately Müller concludes the Wehrmacht became the steel guarantor of the criminal Nazi regime The

Wehrmacht's Last Stand Robert M. Citino, 2020-07-09 By 1943 the war was lost and most German officers knew it Three quarters of a century later the question persists What kept the German army going in an increasingly hopeless situation Where some historians have found explanations in the power of Hitler or the role of ideology Robert M Citino the world's leading scholar on the subject posits a more straightforward solution *Bewegungskrieg* the way of war cultivated by the Germans over the course of history In this gripping account of German military campaigns during the final phase of World War II Citino charts the inevitable path by which *Bewegungskrieg* or a war of movement inexorably led to Nazi Germany's defeat The *Wehrmacht's Last Stand* analyzes the German *Totenritt* or death ride from January 1944 with simultaneous Allied offensives at Anzio and Ukraine until May 1945 the collapse of the *Wehrmacht* in the field and the Soviet storming of Berlin In clear and compelling prose and bringing extensive reading of the German language literature to bear Citino focuses on the German view of these campaigns Often very different from the Allied perspective this approach allows for a more nuanced and far reaching understanding of the last battles of the *Wehrmacht* than any now available With Citino's previous volumes *Death of the Wehrmacht* and *The Wehrmacht Retreats* The *Wehrmacht's Last Stand* completes a uniquely comprehensive picture of the German army's strategy operations and performance against the Allies in World War II

The Peoples' War? Alexander Wilson, Richard Hammond, Jonathan Fennell, 2022-11-15 Some 60 million people died during the Second World War millions more were displaced in Europe Africa and Asia The war resulted in the creation of new states the acceleration of imperial decline and a shift in the distribution of global power Despite its unprecedented impact a comprehensive account of the complex international experiences of this war remains elusive *The Peoples War* offers fresh approaches to the challenge of writing a new history of the Second World War Exploring aspects of the war that have been marginalized in military and political studies the volume foregrounds less familiar narratives subjects and places Chapters recover the wartime experiences of individuals including women children members of minority ethnic groups and colonial subjects whose stories do not fit easily into conventional national war narratives The contributors show how terms used to delineate the conflict such as home front and battle front occupier and occupied captor and prisoner and friend and foe became increasingly blurred as the war wore on Above all the volume encourages reflection on whether this conflict really was a Peoples War Challenging the homogenizing narratives of the war as a nationally unifying experience *The Peoples War* seeks to enrich our understanding of the Second World War as a global event

Joining Hitler's Crusade David Stahel, 2018 A ground breaking study that looks at why European nations sent troops to take part in Hitler's invasion of the Soviet Union

Religion and Poverty Benjamin Beit-Hallahmi, Waleed Chellani, Logan Cochrane, Divya Kannan, Alvin Lim, Atara Moscovitch, Sabine Müller, Jeremiah Unterman, 2015-09-23 Nowadays religions are especially important for those who are living in countries of the formerly so called Third World The miseries of life seem to be so hard that just an afterlife in a transcendent paradise is promising relief Consequently there seems to be a close connection between religion and poverty especially in the 21st

century when the hope for a better afterlife has become a driving force of the poor population of the world However what could be interpreted as a proof of the Marxist doctrine of religion as opium of the people for sure deserves a more multiperspectival approach which would not just cover the recent years of human history but past centuries as well as the different religions around the globe Therefore the second issue of Global Humanities traces the interrelationship between religion and poverty not only from a historical but also from a sociological religious and artistic perspective Iron and Blood Peter H. Wilson,2023-02-14 Peter Wilson looks to 500 years of history to contest rigid assumptions about German militarism Historically German speaking states have had complex that is typical politics surrounding militarization strategy and civilian control The belief in German military genius arose only in 1871 and was soon dashed by the two world wars

The Contemporary Review ,2012 The Eastern Front Day by Day, 1941-45 Steve Crawford,2006-10 The warriors the weapons and the furious battles Joining Hitler's Crusade David Stahel,2017-12-21 The reasons behind Hitler s invasion of the Soviet Union are well known but what about those of the other Axis and non Axis powers that joined Operation Barbarossa Six other European armies fought with the Wehrmacht in 1941 and six more countries sent volunteers as well as there being countless collaborators in the east of various nationalities who were willing to work with the Germans in 1941 The political social and military context behind why so many nations and groups of volunteers opted to join Hitler s war in the east reflects the many diverse and largely unknown roads that led to Operation Barbarossa With each chapter dealing with a new country and every author being a subject matter expert on that nation proficient in the local language and historiography this fascinating new study offers unparalleled insight into non German participation on the Eastern Front in 1941 **Bulletin of International News** ,1942 **Architects of the American Century** David F. Logusz,1997 This new book is a historical account of the 14th Waffen SS Galicia Division also known as the 1st Ukrainian Division of the Ukrainian National Army In 1943 1944 a determined group of young men and women in Galicia volunteered to serve in a combat division destined for eastern front combat Their goal to engage and destroy the Soviet hordes menacing their homeland and to counter Nazi Germany s subjugation of their country Although initially Galicia s Volunteers would serve in a German

sponsored military formation in actuality the volunteers of the Galicia division wanted to engage all hostile ideologies both from the east and west in order to secure a free independent Ukraine The division s history is presented along with a human aspect of what the soldiers endured during the brutal battles on the eastern front *The Current Digest of the Soviet Press* ,1967 **Through Hell for Hitler** Henry Metelmann,2003-09-01 **The Eastern Front, 1941-45, German Troops and the Barbarisation of Warfare** O.
