### **The Three Crowns Structures Of Communal Politics In Early Rabbinic Jewry:**

The Three Crowns Stuart Cohen,1990 Examines scholarly interest in the historical origins and manifestations of Jewry's distinctive traditions of constitutional thought and political action

**The Three Crowns** Stuart A. Cohen,2007-12-03 The Jewish national revival of our times has stimulated scholarly interest in the historical origins and manifestations of Jewry's distinctive traditions of constitutional thought and political action This study is a contribution to that enquiry Focusing on the structures of communal rule forged during the first five centuries of the common era the book presents an analysis of the processes whereby the rabbis and their disciples replaced both priests and civic rulers as foci of political royalty and instruments of domestic government throughout the Jewish world Cohen argues that much of Jewish political history during the age of the Mishnah and Talmud can be read as a record of the attempt to reinterpret the ancient concept of the three crowns or clusters of rulership which determined Jewish public behaviour and adapt it to rabbinic purposes

**Josephus in Modern Jewish Culture** Andrea Schatz,2019-05-20 The contributions to this volume trace for the first time how the modern Jewish reception of Josephus the ancient historian who witnessed and described the destruction of the Second Temple took shape within different scholarly religious literary and political contexts across the Jewish world from Amsterdam to Berlin Vilna Breslau New York and Tel Aviv The chapters show how the vagaries of his tumultuous life spent between a small rebellious nation and the ruling circles of a vast empire between Jewish and non Jewish cultures and between political action and historical reflection have been re imagined by Jewish readers over the past three centuries in their attempts to make sense of their own times The project and this volume can encourage greater awareness of the complex origins of Josephus controversial reputation as a Jewish priest diplomat in Rome military leader of the first Jewish revolt against the Romans as an advocate for surrender to imperial forces as a witness to the Hurban as a citizen of Rome and as a historian Recommended highly for all Jewish and academic libraries David B Levy Touro College NYC in Association of Jewish Libraries News and Review 1 2 2019

insights into the field     Jewish Leadership in Roman Palestine from 70 C.E. to 135 C.E. Junghwa Choi,2013-07-15  
Reconstructing Jewish socio political leadership of the late Second Temple and Talmudic periods this book suggests that the period between two great revolts is the best period to study leadership dynamics Prior to the emergence of the rabbinic leadership biblically modelled leadership was still a realistic option often co existing with non biblical polity It also attempts to reconstruct the Jewish socio political leadership of this period by examining how consistently the ideas of leadership that were available before 70 C E were followed after 70 C E     **The Dead Sea Scrolls and the Hasmonean State** Hanan Eshel,2008-07-31 The roots of the Hasmonean Revolt the reign of Antiochus IV Questions of identity the teacher of righteousness the man of lies and Jonathan the Hasmonean The succession of high priests John Hyrcanus and his sons in the Pesharim to Joshua 6 26 Alexander Jannaeus and his war against Ptolemy Lathyrus A prayer for the welfare of King Jonathan The Pharisees conflict with Alexander Jannaeus and Demetrius invasion of Judaea The successors of Alexander Jannaeus and the conquest of Judaea by Pompey The assassination of Pompey The changing notion of the enemy and its impact on the Pesharim     Judaism and Christianity Alan Jeffery Avery-Peck,Jacob Neusner,2009 This volume treats the interrelationship between Judaism and Christianity from the first centuries and into modern times paying particular attention to these faiths TM social cultural and theological interactions The issues covered range from the formation of Jewish and Christian ideology in the context of Roman paganism to the ways in which Christian culture and theology of the medieval and modern periods form a backdrop to the creation of Jewish identity While the historical periods and issues discussed are diverse the result is to suggest the importance of our recognizing the close development of Judaism and Christianity Written by top scholars in Judaic and Christian studies these essays reflect on how the two faiths related to and were shaped by each other as they evolved in shared historical and cultural contexts even as each maintained its own distinctive ideologies and beliefs

*German Rabbis in British Exile* Astrid Zajdband,2016-06-20 The rich history of the German rabbinate came to an abrupt halt with the November Pogrom of 1938 The need to leave Germany became clear and many rabbis made use of the visas they had been offered Their resettlement in Britain was hampered by additional obstacles such as internment deportation enlistment in the Pioneer Corps But rabbis still attempted to support their fellow refugees with spiritual and pastoral care The refugee rabbis replanted the seed of the once proud German Judaism into British soil New synagogues were founded and institutions of Jewish learning sprung up like rabbinic training and the continuation of Wissenschaft des Judentums The arrival of Leo Baeck professionalized these efforts and resulted in the foundation of the Leo Baeck College in London Refugee rabbis now settled and obtained pulpits in the many newly founded synagogues Their arrival in Britain was the catalyst for much change in British Judaism an influence that can still be felt today     **The Rabbi as a Surrogate Priest** Stuart Dauermann,2009-05-01 There are many aspects to this task of rabbinic training but four closely related questions rise to the surface as requiring primary attention The first is a question of description What ought to be the functions performed by a

messianic Jewish rabbi The second is a question of legitimacy What similarities exist between the functions performed by messianic Jewish rabbis and rabbis in the wider Jewish context such that the rabbinate in both contexts may legitimately be seen to be variations on the same theme and the messianic Jewish rabbinate therefore legitimately a rabbinate The third is a question of differentiation How and why are the functions performed by a messianic Jewish rabbi contextually particularistic and therefore different from those performed by Christian clergy In other words how is a messianic rabbi more than just a Protestant Pastor with switched labels The fourth is a question of biblicality Is there biblical justification or precedent for the proposed paradigm of the rabbi as a surrogate priest Each of these questions emerges from messianic Judaism's interaction with different but overlapping audiences The question of description is addressed primarily to the messianic Jewish context The question of legitimacy is addressed primarily to the wider Jewish world The question of differentiation is addressed primarily to the church world The question of biblicality is addressed both to the messianic Jewish context and the church world And in all cases looking over our shoulder is the general public from the Prologue

*The Journal of Jewish Studies*, 1990 *Jewish Political Studies Review*, 2000 *The Jewish Law Annual*, 1992 State and Society in Roman Galilee, A.D. 132-212 Martin Goodman, 2000 Drawing on the large corpus of extant rabbinic writings Goodman Jewish studies Oxford U describes the formation of rabbinic Judaism in the second century that has shaped Judaism ever since He argues that the development of the independent and unique Jewish culture of Late Roman Palestine was encouraged by the Roman methods of administration Only a few copies of the 1983 first edition developed from his dissertation were printed in a new preface he summarizes developments in the scholarship since then Distributed in the US by ISBS Annotation copyrighted by Book News Inc Portland OR **Journal of Biblical Literature**, 1990 *A Roadmap to the Heavens* Sigalit Ben-Zion, 2009 Description The challenge of this book has been to rethink prevailing ideas about the social map of Jewish society during the rabbinic period in Israel New insights were made possible by using anthropological theories and tools The book explores the rich and complex relationships among the sages priests and laymen who competed in social cultural and political arenas for hegemony It demonstrates that this struggle was not a simple case of displacement of the priestly elite by a new scholarly elite In the process of constituting a counter hegemony of the sages there was a complex push pull process attraction rejection imitation denial and co operation confrontation They undermined the old order by using the old hegemonic priestly discourse Whereas the sages proposed a new order based on intellectual achievement they nevertheless created on top of the earlier hegemonic order a new order of group nepotism endogamy ritual purity and secret knowledge and education provided only to the proper social classes Ben Zion concludes that even in the process of resistance and disengagement from the priestly hegemony the sages could not free themselves from the bondage of the priestly discourse and praxis The Encyclopaedia of Judaism Jacob Neusner, Alan Jeffery Avery-Peck, William Scott Green, 2000 **Elenchus of Biblica**, 1995 *The Monarchic Principle* David M.
