**The Poet's Perspective** Charles Peterson : The Poet,2018-10-29 Faith of the Believer is a combination of creative poetry philosophy and wit that is founded on the believer s responsibility to seek to rise up to the standard A standard which was founded by our Savior which came with basic instructions for each believer to go teach and make disciples Poetry is the vehicle philosophy is the wheels on which it rolls and the Word is the fuel which propels it Somewhere within the bounds of Faith of the Believer is a spirit check a personal revival an awakening of your original vow A vow to a faith that you were not drafted into but one that you believe in your heart and confessed with your mouth and freely enlisted So if you are outside of His will then know that there might be something you yet need to do or someone that only you can reach So you might need to get off the sidelines and back in the game a game that we can t afford to lose For we are all here with purpose And time is winding down for the children of man I come to you in the volume of the book with purpose as one crying in the wilderness trying to open the eyes of the children of man before they are harvested by minds of destruction For God called preachers God sent teachers God sent prophets and God sent poets And I am The Poet and this is The Poet s perspective on the faith of the believer **Santa Claus Worldwide** Tom A. Jerman,2020-05-25 This is a comprehensive history of the world s midwinter gift givers showcasing the extreme diversity in their depictions as well as the many traits and functions these characters share It tracks the evolution of these figures from the tribal priests who presided over winter solstice celebrations thousands of years before the birth of Christ to Christian notables like St Martin and St

Nicholas to a variety of secular figures who emerged throughout Europe following the Protestant Reformation Finally it explains how the popularity of a poem about a miniature sleigh and eight tiny reindeer helped consolidate the diverse European gift givers into an enduring tradition in which American children awake early on Christmas morning to see what Santa brought Although the names appearance attire and gift giving practices of the world s winter solstice gift givers differ greatly they are all recognizable as Santa the personification of the Christmas and Midwinter festivals Despite efforts to eliminate him by groups as diverse as the Puritans of seventeenth century New England the Communist Party of the twentieth century Soviet Union and the government of Nazi Germany Santa has survived and prospered becoming one of the best known and most beloved figures in the world
