Portraits of Pioneers in Psychology Gregory A. Kimble, Michael Wertheimer, 2000-11-01 This fourth book in the series continues the tradition of the popular earlier volumes by offering lively and entertaining information about some of contemporary psychology's most illustrious ancestors. The 21 chapters, many of them written by today's most visible and eminent authors, concentrate on the lives and achievements of major psychologists from a variety of areas. Created for undergraduate and graduate courses in the history of psychology, the variety of pioneers represented provides enough flexibility to also use it as a supplemental reader in other psychology courses. Each of the five volumes in this series contains different profiles, thereby bringing more than 100 of the pioneers in psychology more vividly to life.

Periods in Pop Culture Lauren Rosewarne, 2012-06-14 Menstruation seldom gets a starring role on screen despite being experienced regularly by nearly all women for a good many decades of their lives. *Periods in Pop Culture: Menstruation in Film and Television* by Lauren Rosewarne turns the spotlight on period portrayals in media, examining the presence of menstruation in a broad range of contemporary pop culture. Drawing on a vast collection of menstruation scenes from film and television, this study examines and categorizes representations to unearth what they reveal about society and about our culture's continually fraught relationship with female biology. Written from a feminist perspective, menstrual representations are analyzed for what they reveal about sexual politics and society. Rosewarne's thorough investigation covers a range of topics including menstrual taboos, stigmas and fears, as well as the inextricable link between periods and femininity, sexuality, ageing and identity. *Periods in Pop Culture* highlights that the treatment of menstruation in the media remains an area of persistent gender inequality.
