*The New Feminine Brain* Mona Lisa Schulz,2013-07-16 Ever wonder why most women can handle the kids and careers and the renovation but men can concentrate on either the newspaper or a game on TV This is because female brains have more interconnections that allow them to multi task and split their attention The New Feminine Brain is the first book by a medical doctor who is also a psychiatrist and a brain expert to show how modern life challenges are physically rewiring the brain and to address the particular challenges that women face as a result The female brain today is not your

grandmother's brain it has even more connections and skills but with that can come more physical problems including an increase in attention and memory deficits and chronic mood and health conditions. The New Feminine Brain combines the insights of Dr Schulz's research and stories of clinical experience as a neuropsychiatrist treating people with tough brain disorders with unique self help and expert health advice. Readers will discover and cultivate their special genius and intuitive style with provocative self tests so they can hear and heal their depression anxiety attention memory and other brain problems. Rewiring exercises herbs and nutritional supplements will improve their physical psychological and emotional health.

**24 Ways to Move More** Nicole Tsong, 2020-10-01 Make movement part of your life. From roller skating to hip hop dancing, snowshoeing to tree climbing fitness can be fun. Two new movement activities to try each month. Features tips on how to get started, easy goal setting and inspirational journal prompts. Your body is made to move and is designed to adapt to a range of activity climbing, sprinting, carrying heavy things, walking long distances. Yet today we move less than ever before. Yoga instructor and fitness expert Nicole Tsong wants to change that. She has tried hundreds of different types of movement and in this new guide she shares which of those are the most fun, accessible and body beneficial. Detailing two new activities for each month of the year she describes her own experiences trying each movement then lays out a road map for readers to embark on a similar adventure starting at beginner level and moving up through Reach and Adventure goals. For example readers can choose to walk 35 to 40 minutes twice a week for the whole month or they can slowly increase mileage each week working up to a 10, 15 or 20 mile challenge. Tsong also offers quick tips for getting started, basic gear needs and costs and a Discovery section with questions, prompts and journal space so readers can explore their own movement journeys.
