## **The Disappearance Of Daniel Klein:**

The Disappearance of Daniel Klein Cynthia I Hagan,2015-01-27 The Disappearance of Daniel Klein chronicles the story of a boy magician with mismatched eyes one blue one green who captures the dark interest of a Nazi research doctor Despite growing up as a Jewish orphan in the midst of World War II Daniel Klein still believes in the miraculous and the good and all that comes with it He finds solace in magic spends his afternoon hours pulling silver coins from the air and turning white handkerchiefs red proving again and again that things are not always as they seem But on one night with one little boy decision Daniel is put on a trajectory that threatens not only his resilient spirit but also his very life When he and his friends sneak out of their orphanage to retrieve a family heirloom Daniel left behind while playing that day they unknowingly give up their only chance to avoid deportation to a concentration camp At that camp resides Karl Vendel an awkward and obsessive Nazi research doctor who takes a dark interest in Daniel s rare eye color As Daniel struggles to cope with the conditions of the camp and the impending loss of his sight he finds himself increasingly confused unable to separate imagination from reality And as he begins to witness miraculous near otherworldly things Daniel wonders if he is losing his sanity or if something from the beyond is trying to help him survive Penned by screenwriter Cynthia Hagan The Disappearance of Daniel Klein is a story about the bonds of childhood friendship and the transcending power of belief More it begs us to ask the question is there life beyond life as we know it     *Hollywood Creative Directory ,2007*     **Mixed Heritage in Young Adult**

**Literature** Nancy Thalia Reynolds,2009-03-19 Mixed heritage people are one of the fastest growing groups in the United States yet culturally they have been largely invisible especially in young adult literature Mixed Heritage in Young Adult Literature is a critical exploration of how mixed heritage characters those of mixed race ethnicity religion and or adoption and real life people have been portrayed in young adult fiction and nonfiction This is the first in depth broad scope critical exploration of this subgenre of multicultural literature Following an introduction to the topic author Nancy Thalia Reynolds examines the portrayal of mixed heritage characters in literary classics by James Fenimore Cooper Mark Twain and Zora Neale Hurston staples of today s high school English curriculum along with other important authors It opens up the discussion of young adult racial and ethnic identity in literature to recognize and focus on those whose heritage straddles boundaries In this book teachers will find new tools to approach race ethnicity and family heritage in literature and in the classroom This book also helps librarians find new criteria with which to evaluate young adult fiction and nonfiction with mixed heritage characters     Takeover Donald Critchlow,W.J. Rorabaugh,2014-04-29 How did liberals get to be the way they are today That s the question many Americans are asking as they witness the efforts of the most left wing president in American history At last historians Donald T Critchlow and W J Rorabaugh supply the answer As the authors show it is a mistake to see the Obama administration s agenda as a single man s vision Equally flawed they reveal is the now common argument that today s liberalism is simply a continuation of early twentieth century progressivism Today s Left has embraced

a more radical vision for transformative change to remake all aspects of American life Takeover delineates the sharp break in the history of modern liberalism that began in the 1960s Critchlow and Rorabaugh show how leftists in pursuit of social justice went from protest rallies to the halls of power by rewriting the Democratic Party's presidential nominating rules for their own benefit and using the courts to advance their radical agenda The authors masterfully connect the dots in America's recent history showing the close links among such seemingly unrelated causes as radical environmentalism nationalized health care class warfare abortion rights feminism regulating the free market assisted suicide sex education and energy policies to reduce consumption Takeover is a bold revisionist history that completely reshapes our understanding of the current political crisis
