## About this manual

### On you

The aim of this manual is to help you get the best value from your vehicle. It can do this in several ways. It can help you decide what sort of use the car can do for you, should you get it done for it properly, provide information on routine maintenance and servicing, and give a regular course of action and diagnosis when serious faults occur. However, it is hoped that you will use the manual by looking for the work yourself. On simple jobs it may save the trouble that sending the car into a garage and paying more costs, to have an effect in. Further, most important, it is of money can be saved by avoiding the costs of garage visit charges to cover the labour and materials.

The manual has drawings and descriptions to show the location of the various components so that their layout can be understood. Then the parts are described and photographed in order to show clearly to the user a picture not in the work.

### On arrangement

The manual is divided into three Chapters, each covering a logical sub-division of the vehicle. The Chapters are: Chapter 1, the front, middle and rear sections, Chapter 2, the engine and the engine and components, and Chapter 3, the engine and components. The chapters are arranged in the following order: Chapter 1, the front, middle and rear sections, Chapter 2, the engine and components, and Chapter 3, the engine and components.

It is hoped that the manual will be used in the way that it is intended. The manual is divided into three sections: the front, middle and rear sections, the engine and components, and the engine and components. The figures are numbered in the following order: Chapter 1, the front, middle and rear sections, Chapter 2, the engine and components, and Chapter 3, the engine and components.

sequence with internal numbers, according to their position in the Chapter — eg Fig. 8.4 is the fourth drawing (illustration) in Chapter 8. Photographs carry the same number (either individually or in related groups) as the figures in each section to which they refer.

There is an alphabetical index at the back of the manual to refer to a contents list in the front. Each Chapter is also provided by its own individual contents list.

References to the left or right of the vehicle are in the sense of a person in the driver's seat facing forward.

Unless otherwise stated, nuts and bolts are referred to having anti-rusting, and ignored by having rusting.

Various illustrations continuously make changes to specifications and recommendations, and these will contain all necessary information of the latest standards.

The table gives you the sequence of information given in this manual, but certain manufacturers make alterations and design changes during the production run of a particular vehicle of which they do not advise us. This liability can be accepted by the vehicle or publisher for loss, damage or injury caused by any error in, or omission from, the information given.
