Party Life

Eric Li,2023-10-31 The emergence of China as a great power is perhaps the most consequential development for the world in the 21st century Yet what the Western world sees in this development is largely through the prism of misinterpreted ideological dichotomy and misguided geopolitical rivalry This book offers a deep look at the Chinese Communist Party and the nation it leads at conceptual historic and operational levels If Thomas Kuhn s concept of paradigm shift can be used in the social sciences then China would represent the most significant anomaly to the dominant liberal exemplar For students of China and of politics in general and for the Western political and commercial elites if they were to read one book about China to grasp the nature and weight of the Chinese phenomenon Party Life would be it

Introducing Sociology Using the

Stuff of Everyday Life Josee Johnston,Kate Cairns,Shyon Baumann,2025-10-03 The challenges of teaching a successful introductory sociology course today demand materials very different from the norm It is a question of making the practice of sociological thinking meaningful rigorous and relevant to today s world of undergraduates This comparatively concise highly visual and engaging book offers a refreshingly new way forward to reach students using one of the most powerful tools in a sociologist s teaching arsenal the familiar stuff in students everyday lives throughout the world the jeans they wear to class the coffee they drink each morning or the phones their professors tell them to put away during lectures A focus on consumer culture seeing the strange in the familiar is not only interesting for students it is also the authors suggest pedagogically superior to more traditional approaches By engaging students through their stuff this book moves beyond teaching about

sociology to helping instructors teach the practice of sociological thinking. It moves beyond describing what sociology is so that students can practice what sociological thinking can do. This pedagogy also posits a relationship between teacher and learner that is bi directional. Many students feel a sense of authority in various areas of consumer culture and they often enjoy sharing their knowledge with fellow students and with their instructor. Opening up the sociology classroom to discussion of these topics validates students expertise on their own life worlds. Teachers in turn gain insight from the goods, services and cultural expectations that shape students lives. While innovative the book has been carefully crafted to make it as useful and flexible as possible for instructors aiming to build core sociological foundations in a single semester. A map on pages xix xx identifies core sociological concepts covered so that a traditional syllabus as well as individual lectures can easily be maintained. Theory, method and active learning exercises in every chapter constantly encourage the sociological imagination as well as the doing of sociology. This new edition is thoroughly revised and updated incorporating the latest research around material, sociology, culture and object oriented studies. New teaching materials and illustrations are included. Online resources to support teaching and learning include Videos, flashcards, quizzes and further reading. Instructor's manual, PowerPoints and test bank.

Black Friday and Cyber Monday Guide HowExpert Press, Tammy Marshall, 2017-12-15. Have you ever wondered how to save during the holidays? Presents and pampering guests there are all sorts of ways that you willingly spend during this season. The trick you may not know is that there are special days during the holiday season that you will save the most money. Stores know this you can too. Our guide is designed to help you save your green during the festivities. You won't be a scrooge when you get your hands on the savings we've listed. In this book you will find answers to the following questions: What is Black Friday and how do I get in on the savings? What is Cyber Monday and will it ever be Black Friday? What is Travel Tuesday? How do I stay safe online? Where are the best deals? What are some of the latest scams? Is Black Friday worth it? Is it better to shop online or in the store? What goods should I buy in the store? What should I buy online? How do I keep my bank account secure? What websites should I visit to help me find deals? What kind of mindset do I need to become a savvy shopper? Should I buy electronics online? About The Expert: Tammy Marshall is a savvy shopper. She's been one her entire life. She lives to save money. Her other passion is sharing how she finds new ways to save green. Tammy also deplores cyber crooks. Her mission is to uncover the latest scams so she can share them with you and help you protect your wallets. She's a professional journalist and has been writing for 20 years. When she isn't finding new ways to spend less she is working on her family farm and growing her own veggies and displaying them at the county fair. She's loves growing food like she loves to save dollars. For her she doesn't just enjoy the thrill of shopping. She enjoys seeing prices drop while she fills her
