We Cry Out Living With Developmental Disabilities:

We Cry Out John DeFrain PH D, John S. Campbell, Susan Dahl MS, 2006 How does a developmental disability affect an individual throughout the course of life What impact does the disability have on the individual's family What strengths do families use to cope with these disabilities What do they do that works And what doesn't work These are the kinds of questions we have been asking individuals and families in our research over the past 15 years This book was written to report their stories and to honor these people who have shared their lives and their cries from the heart with us It is both a positive book and a realistic book full of love and grief and tenderness and anger and kindness and sorrow and courage It is as real as the people who gave us the gift of their lives *A Journey* John S Campbell MD, 2006-06 All of us repeatedly grieve heal and reinvent ourselves throughout our lives Being aware of and active in this inherent aspect of our existence I believe to be a less painful and more satisfying way of living than blindly struggling with or resisting these natural processes John S Campbell M D author of *A Journey Creative Grieving and Healing* We all die he seems to be telling us What is far more important is that we live a meaningful life before that time comes We all need to dig deep to find our own wisdom so we may understand what John is telling us Nikki DeFrain M S and John DeFrain Ph D from their Foreword **Strong Families**
