

Reading Comprehension Skills

Explained for Parents

If you have a child in any stage one, they will be learning how to read during their phonics lessons at school. Learning to read needs to be a vital skill. Actually understanding what they have read and being able to talk about it is another skill your child will be working on.

During English lessons, your child's teacher will show you what how to read a text and use the answer questions to show their understanding. Your child will get lots of opportunities to develop these skills in small groups as part of a class discussion. You can also use questions to support your child at home to develop their comprehension skills.

When you are reading at home with your child, as well as talking to their parents when reading, you can develop their comprehension by asking them what they have read. Your child will be asked to talk about what they have read and how they have understood it. It can be hard to know what to ask, so we've created some questions for developing each skill.

At reading a book, even if it's reading a comic book or a website, your child will learn about how words work by making a range of games, from letter games and word games to advanced comprehension games. Don't forget that they will also learn to read other materials, such as maps, timetables, stories, comics, notices, reports and more. Don't let age or level stop you from creating activities for your child. Most games can be read and played at. You can read your child how the game works to develop their understanding. Most of all, make reading fun and social. Don't use it as a punishment. Have games together and use it to develop reading across a broad range of your child's life and not just play at school or at home.
