*Slender Man Is Coming* Trevor J. Blank, Lynne S. McNeill, 2018-09-21 The essays in this volume explore the menacing figure of Slender Man the blank faced long limbed bogeyman born of a 2009 Photoshop contest who has appeared in countless horror stories circulated on and offline among children and young people Slender Man is arguably the best known example in circulation of creepypasta a genre derived from copypasta which in turn derived from the phrase copy paste As narrative texts are copied across online forums they undergo modification annotation and reinterpretation by new posters in a folkloric process of repetition and variation Though by definition legends deal largely with belief and possibility the crowdsourced mythos behind creepypasta and Slender Man suggests a distinct awareness of fabrication Slender Man is therefore a new kind of creation one intentionally created as a fiction but with the look and feel of legend *Slender Man Is Coming* offers an unprecedented folkloristic take on Slender Man analyzing him within the framework of contemporary legend studies creepypastas folk belief and children's culture This first folkloric examination of the phenomenon of Slender Man is a must read for anyone interested in folklore horror urban legends new media or digital cultures Contributors Timothy H Evans Andrea Kitta Mikel J Koven Paul Manning Andrew Peck Jeffrey A Tolbert Elizabeth Tucker

**Frankenstein** Sidney Perkowitz, 2018-01-02 The tale of a tormented creature created in a laboratory began on a rainy night in 1816 in the imagination of a nineteen year old Mary Wollstonecraft Shelley Since its publication two years later *Frankenstein Or the Modern Prometheus* has spread around the globe through every possible medium and variation *Frankenstein* has not been out of print once in 200 years *Frankenstein* has become an indelible part of popular culture and is shorthand for anything bizarre and human made for instance genetically modified crops are Frankenfood Conversely *Frankenstein*'s monster has also become a benign Halloween favorite Yet for all its long history *Frankenstein*'s central premise that science not magic or God can create a living being and thus these creators must answer for their actions as humans not Gods is most relevant today as scientists approach creating synthetic life In its popular and cultural weight and its expression of the ethical issues raised by the advance of science physicist Sidney Perkowitz and film expert Eddy von Muller have brought together scholars and scientists artists and directions including Mel Brooks to celebrate and examine Mary Shelley's marvelous creation and its legacy as the monster moves into his next century *The Dumbest Generation Grows Up* Mark Bauerlein, 2022-02-01 From Stupefied Youth to Dangerous Adults Back in 2008 Mark Bauerlein was a voice crying in the wilderness As experts greeted the new generation of Digital Natives with extravagant hopes for their high tech future he pegged them as the Dumbest Generation Today their future doesn't look so bright and their present is pretty grim The twenty somethings who spent their childhoods staring into a screen are lonely and purposeless unfulfilled at work and at home Many of them are even suicidal *The Dumbest Generation Grows Up* is an urgently needed update on the Millennials explaining their not so quiet desperation and more important the threat that their ignorance poses to the rest of us Lacking

skills knowledge religion and a cultural frame of reference Millennials are anxiously looking for something to fill the void Their mentors have failed them Unfortunately they have turned to politics to plug the hole in their souls Knowing nothing about history they are convinced that it is merely a catalogue of oppression inequality and hatred Why they wonder has the human race not ended all this injustice before now And from the depths of their ignorance rises the answer Because they are the first ones to care All that is needed is to tear down our inherited civilization and replace it with their utopian aspirations For a generation unacquainted with the constraints of human nature anything seems possible Having diagnosed the malady before most people realized the patient was sick Mark Bauerlein surveys the psychological and social wreckage and warns that we cannot afford to do this to another generation The New Chameleons Michael R. Solomon, 2021-02-03 WINNER

NYC Big Book Award 2021 Marketing individuals seek collective advice before making a purchase consumers no longer distinguish between purchases online or in store consumer generated content becomes the norm gender identity is fluid gamification strategies turn work into play and identity marketing becomes more popular Combining history data experience and examples The New Chameleons is written for every marketer or reader who wants to offer products and services that resonate with consumers now and in the future

*The White Privilege Album* A.J. Rice, 2024-09-17 White privilege gave us Western civilization the middle class and the nuclear family you're welcome This book is dedicated to the very fine people that made it all happen A comedy about race wokeness and cancel culture in America A tragedy about race wokeness and cancel culture in America Part satire part journalism part truth serum A J Rice follows up his runaway 1 bestseller The Walking Dead with a hilarious sequel that picks up where the laughs left off It was the worst of times it was the worse of times In most sequels the bad guys win but in The White Privilege Album A J Rice doesn't let them get away with it Instead he relentlessly mocks the hell out of the Cultural Marxists who seek to drain all liberty and joy from American lives The least talented people in American society have been working overtime for decades dividing citizens along any differences they think they can exploit The laziest tactic proven to be the most effective is unleashing a battalion of racial grievance hustlers in the media academia entertainment and politics If we stop fighting about our differences and start unifying on what we have in common they will lose the power to divide us permanently When asked what motivates his writing style A J Rice says I was raised on both Howard Stern and Rush Limbaugh in fact the three of us share the same birthday One mantra that Rush always repeated was that his job was to use irreverent humor to illustrate truth and that is what I am trying to do with The White Privilege Album Mockery paired with facts is what makes a journey through the Cultural Marxist hellscape of tyranny and insanity so pleasurable Rice would prefer to be George Carlin Ricky Gervais or Mel Brooks rather than Aristotle and it shows His mic dropping assault on the social justice warriors the triggered snowflakes and the transmafia showcases that there is no substitute for perfectly timed derision The White Privilege Album is a hysterical guide to the catastrophe of our modern culture What do you mean Gen Z doesn't know the Republican Party freed the slaves Are these people dumb AF They
