### **Spetsnaz: Scout Physical Training Manual Threat Analysis**

Group,2019-01-10 This is a translation of a manual utilized by the Soviet Union to train soldiers in the techniques of infiltration reconnaissance and battlefield surveillance It emphasizes the high standard the Soviet and later Russian military places on physical fitness as a fundamental requirement for mission success The manual concludes with instructions for the layout and construction of specialized courses for perfecting the skills illustrated within this manual These tactical courses have been found in Columbia Chechnya Afghanistan Iraq and Syria FARC Al Qaeda and ISIS are known to use these tactical courses to train their recruits Clearly these techniques are quickly spreading through conflict zones worldwide The drills are simple easy to learn and easily retained and are well suited for training motivated but unskilled recruits As the Spetsnaz say Do more with less

*Systema* Giuseppe Filotto,2011-02-19 PLEASE NOTE This book also includes exclusive access to 40 instructional videos that cover various practices detailed in the text This is the first complete training manual for Systema the Russian Martial Art developed for use by the elite ex Soviet Special Operation Units of Spetsnaz Nowhere else has the previously often classified material found in these pages been collated in one place for civilian use Many personal anecdotes and experiences throughout the book make for an entertaining humorous and informative read In the typically unorthodox fashion of Systema itself this is no dry text book but an easy to use teaching aid and a very human study Includes previously classified scientific information that relates to the underlying principles of military and sports science The latest scientific research on supposedly superhuman abilities and how to easily develop these in simple and effective ways Learn how to perform three of the mini superpowers in no more than 30 minutes each to satisfy yourself that the concepts in this book are NOT hype but just pure science repeatable and learnable by anyone willing to do the work Learn the more powerful abilities often considered impossible by most hard core martial artists until these are performed on them Easy to follow explanations on the basic principles of military sports science and how they relate to real life survival of combat Useful for anyone

involved not just in martial arts but any sports in general and in fact most human activities as the principles presented are applicable not just to Systema but to any practical human endeavour
