*Devotional Commentary on the Gospel Narrative, Vol. 1 of 8 (Classic Reprint)* Isaac Williams, 1880 Excerpt from Devotional Commentary on the Gospel Narrative Vol 1 of 8 Indistinct surmises of some one rising from the dead and of that Prophet to be raised up from among their brethren of whom Moses had spoken instead of the Voice from Mount Sinai which they entreated to hear no more And the words with which the Inspired Writings had closed were remarkable both from their distinct declaration and for the very mysterious manner in which alone it could be fulfilled As the silence of night came on and the light of prophecy was going down it spoke of the rising of the Sun of Righteousness with healing in His wings and yet not so for all men but for them shall He arise that fear My name To this it is added Behold I send you Elijah the Prophet before the coming of the great and About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish

**Idea of the Labyrinth from Classical Antiquity through the Middle Ages** Penelope Reed Doob,2019-03-15 Ancient and medieval labyrinths embody paradox according to Penelope Reed Doob Their structure allows a double perspective the baffling fragmented prospect confronting the maze treader within and the comprehensive vision available to those without Mazes simultaneously assert order and chaos artistry and confusion articulated clarity and bewildering complexity perfected pattern and hesitant process In this handsomely illustrated book Doob reconstructs from a variety of literary and visual sources the idea of the labyrinth from the classical period through the Middle Ages Doob first examines several complementary traditions of the maze topos showing how ancient historical and geographical writings generate metaphors in which the labyrinth signifies admirable complexity while poetic texts tend to suggest that the labyrinth is a sign of moral duplicity She then describes two common models of the labyrinth and explores their formal implications the unicursal model with no false turnings found almost universally in the visual arts and the multicursal model with blind alleys and dead ends characteristic of literary texts This paradigmatic clash between the labyrinths of art and of literature becomes a key to the metaphorical potential of the maze as Doob s examination of a vast array of materials from the classical period through the Middle Ages suggests She concludes with linked readings of four labyrinths of words Virgil s Aeneid Boethius Consolation of Philosophy Dante s Divine Comedy and Chaucer s House of Fame each of which plays with and transforms received ideas of the labyrinth as well as reflecting and responding to aspects of the texts that influenced it Doob not only provides fresh theoretical and historical perspectives on the labyrinth tradition but also portrays a complex medieval aesthetic that helps us to approach structurally elaborate early works Readers in such fields as Classical literature Medieval Studies Renaissance Studies comparative literature literary theory art history and intellectual history will welcome this wide ranging and

**The Athenaeum**, 1910 **The Athenaeum**, 1910 **The Logic of Intersubjectivity** Darren M. Slade, 2020-08-27 To survey harsh criticisms against Brian Douglas McLaren 1956 readers gain the inaccurate impression that he is a heretical relativist who denies objective truth and logic While McLaren's inflammatory and provocative writing style is partly to blame this study also suspects that his critics base much of their analyses on only small portions of his overall corpus The result becomes a caricature of McLaren's actual philosophy of religion What is argued in this book is that McLaren's philosophy of religion suggests a faith based intersubjective relationship with the divine ought to result in an existential appropriation of Christ's religio ethical teachings When subjectively internalized this appropriation will lead to the assimilation of Jesus kingdom priorities thereby transforming the believer's identity into one that actualizes Jesus kingdom ideals The hope of this book is that by tracing McLaren's philosophy of Christian religion future researchers will not only be able to comprehend and perhaps empathize with McLaren's line of reasoning but they will also possess a more nuanced discernment of where they agree and disagree with his overall rationale *Athenaeum and Literary Chronicle*, 1910 1-2
