## Comprehensive 12 Week Study Plan

### Week 1

Diagnostics & Review

#### Part 1: Diagnostics

- Take the free diagnostics for all 4 subjects:

- Math
- English Language Usage (ELU)
- Reading
- Science

#### • Review your results:

For topics where you scored well, simply review the content and only make flashcards for concepts that you got wrong on each time.

For topics where you scored low, focus your attention on those areas and make flashcards for all of the important content to review throughout the month leading up to your exam.

The key idea here is not your study plan based on your diagnostic results. If you score high on a topic and do better on practice and you have limited time, only do items that you think you study got and review it at the end of your last week.

The key idea here is to focus on the topics where you scored lower on the diagnostic to come earlier in the study plan so that you have more time to review them!

#### Part 2: Reviewing Each Subject

In addition to the diagnostic tests, begin to review the following subjects during Week 1:

- **Math**
  - Order of Operations
