The Mideast Peace Process An Autopsy:

The Mideast Peace Process Neal Kozodoy, 2006 Launched in 1993 after an agreement at Oslo the Middle East peace process collapsed in bloodshed after seven fitful years marked by escalating Arab rejectionism and terror This new and expanded edition drawn like the first from the pages of Commentary takes note of a much larger hard reality brought home to Americans by the mass murder attacks of September 11 2001 and since then to the West as a whole by the unrelenting jihadist campaign against democratic civilization This text refers to the Paperback edition The Mideast Peace Process Neal Kozodoy, 2006 **Negotiating Arab-Israeli Peace, Second Edition** Laura Zittrain Eisenberg, Neil Caplan, 2010-07-14 Thoroughly updated and expanded this new edition of *Negotiating Arab Israeli Peace* examines the history of recurrent efforts to resolve the Arab Israeli conflict and identifies a pattern of negative negotiating behaviors that seem to repeatedly derail efforts to achieve peace In a lively and accessible style Laura Zittrain Eisenberg and Neil Caplan examine eight case studies of recent Arab Israeli diplomatic encounters from the Egyptian Israeli peace of 1979 to the beginning of the Obama administration in light of the historical record By measuring contemporary diplomatic episodes against the pattern of counterproductive negotiating habits this book makes possible a coherent comparison of over sixty years of Arab Israeli negotiations and gives readers a framework with which to assess the relative strengths and weaknesses of peace making attempts past present and future **America Alone** Stefan Halper, Jonathan Clarke, 2004-06-21 *America Alone* explores how George W Bush s election and the fear and confusion of September 11 2001 combined to allow a small group of radical intellectuals to seize the reins of US national security policy It shows how at this inflection point in US history an inexperienced president was persuaded to abandon his campaign pledges and the successful consensus driven bi partisan diplomacy that managed the lethal Soviet threat over the past half century and adopt a neo conservative foreign policy emphasizing military confrontation and nation building To date the costs in blood money and credibility have been great and the benefits few with traditional conservatives deploring Bush s approach *America Alone* outlines the costs in terms of economic damage distortion of priorities rising anti Americanism and reduced security Then it sets out an alternative approach emphasizing the traditional conservative principles of containing risk consensus diplomacy and balance of power

Negotiating Arab-Israeli Peace Laura Zittrain Eisenberg, Neil Caplan, 2025-04-22 Fifteen years since the publication of its second edition this foundational text in the history of Arab Israeli peacemaking endeavors has been updated to include developments from the past twenty five years Thoroughly revised and expanded the third edition of *Negotiating Arab Israeli Peace* examines the history of recurrent efforts to resolve the Arab Israeli conflict since the 1970s and identifies a pattern of negative negotiating behaviors that repeatedly derail peacemaking efforts In addition to updating all of the book s existing chapters with post 2010 sources and developments authors Eisenberg and Caplan have added new chapters on the Arab Peace Initiative the Annapolis Conference the Kerry mission and the Abraham Accords as well as a conclusion that questions

several core notions regarding the nature of the conflict the possibility of its resolution Arab Israeli normalization and the viability of the two state solution An epilogue extends the book s framework into present day crises in the region specifically Hamas s 7 October 2023 attack on Israel and Israel s war against Hamas in Gaza A companion website comprises nine appendices among them 145 primary source documents expanded notes links to websites for maps data and analysis peace activities and additional visual and documentary sources Also online is a robust instructor s guide offering supplementary resources and ideas for assignments research and classroom exercises all of which draw upon and complement the themes running throughout the text By measuring contemporary diplomatic episodes against the historical pattern of counterproductive negotiating habits Negotiating Arab Israeli Peace makes possible a coherent comparison of some eighty years of Arab Israeli negotiations and offers readers a framework with which to assess the relative strengths and weaknesses of peace making attempts past present and future *Commentary* ,2002 *Peace Research Abstracts Journal* ,2004

Failing Peace Sara Roy,2006-10-20 Discussion of Israeli policy toward Palestinians is often regarded as a taboo subject with the result that few people especially in the US understand the origins and consequences of the conflict This book provides an indispensable context for understanding why the situation remains so intractable The book focuses on the Gaza Strip an area that remains consistently neglected and misunderstood despite its political centrality Drawing on more than two thousand interviews and extensive firsthand experience Sara Roy chronicles the impact of Israeli occupation in Palestine over nearly a generation Exploring the devastating consequences of socio economic and political decline this is a unique and powerful account of the reality of life in the West Bank and Gaza Written by one of the world s foremost scholars of the region it offers an unrivalled breadth of scholarship and insight **Jerusalem Viewpoints** ,2004 History in Dispute Benjamin Frankel,2000 Addresses heavily debated questions by offering different critical perspectives on major historical events drawn from all time periods and from all parts of the globe This volume covers the Middle East since World War II Provides students with an enhanced understanding of events only summarized in history texts helps stimulate critical thinking and provides ideas for papers and assignments **The Middle East Peace Process** Neal Kozodoy,2002 **The High Cost of Peace** Yossef Bodansky,2002 Since the Gulf War three U S administrations have tried desperately to negotiate peace between the Israelis and the Palestinians Crafted through a series of policy missteps the tenuous accords have done little except leave Israel compromised and vulnerable while drawing the ire of militant Islamists culminating in the catastrophic show of force against the West via terrorist attacks on American soil and renewed violence in the West Bank and elsewhere in the Middle East In **The High Cost of Peace** terrorism expert Yossef Bodansky uncovers the bitter legacy of a peace process that has cost tens of thousands of lives emboldened such outlaw countries as Iran and Iraq enriched Arab militaries with billions of U S dollars and mobilized an underground network of terror cells around the globe He reveals in engrossing detail the political undercurrents and secret deals that have shaped and destabilized the region the confluence of

events leading up to September 11 and the inside story of a dangerous quest for peace that has led to a war unlike any the Middle East has seen before the details of which rarely make the anti Israeli tinged evening news You will discover Why Arafat said in 1972 of the Palestinian aggression against Israel Peace for us means the destruction of Israel and nothing else How President Clinton s zeal for peace was motivated by his desire to divert national attention away from his domestic scandals and why his administration completely ignored the growing threat of militant Islamism What secret preparations and military build up Saddam Hussein ordered for the next war with and terrorist strikes against the United States and Israel And many more shocking revelations At the heart of the failed peace negotiations is the utopian notion that Israel s militant enemies even want peace This book proves once and for all how the United States is put in perpetual danger of terrorist attack because of its repeated blunders in dealing with the Arab world and the vital contributions of Israel America s staunchest ally in this turbulent region to U S security interests Meanwhile as many Arab leaders play to American and European news cameras with empty promises of peace they are secretly conspiring with terrorists to fulfill their ultimate goal the complete annihilation of the Israeli state **Yasser Arafat and the Politics of Paranoia** David Bukay,2005 Primarily penned before his passing this work aims to prove that Palestinian leader Yasser Arafat has been the ultimate arch terrorist for over 50 years Bukay political science U of Haifa Israel asserts many familiar charges against the leader of the terrorist national Palestinian movement frequently arguing that they are the result of essential characteristics of the Arab culture He contends that Arafat s sole political aim has been to destroy Israel and he lays almost the entirety of the Israel Palestine conflict at Arafat s door and the votes he mysteriously attracts in the UN General Assembly While some of Bukay s allegations against Arafat are grounded in truth the uninformed reader will be hard pressed to distinguish facts from what serious students of the conflict will recognize as distortions commonly lobbed by pro occupation Zionists Annotation 2004 Book News Inc Portland OR booknews com *The Muslim World Book Review* ,2003 [The Oslo Syndrome](#) Kenneth Levin,2004 This case study in the psychology of a community under chronic attack takes on broader significance at a time when even traditionally safe and secure societies such as the United States are confronting the psychological challenges posed by terrorist assaults Jacket [Jewish Book World](#) ,2002 [Current Publications in Legal and Related Fields](#) ,2002 *Two states for two nations on two sides of the Jordan river* Arie Eldad,2004 **Political Science Abstracts** ,1994-11-30 Political Science Abstracts is an annual supplement to the Political Science Government and Public Policy Series of The Universal Reference System which was first published in 1967 All back issues are still available *Index to Jewish Periodicals* ,2003 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests
