Reasons to Kill Richard E. Rubenstein, 2010-10-04 From the American Revolution to the end of World War II the United States spent nineteen years at war against other nations But since 1950 the total is twenty two years and counting On four occasions U S presidents elected as peace candidates have gone on to lead the nation into ferocious armed conflicts Repeatedly wars deemed necessary when they began have been seen in retrospect as avoidable and ill advised Americans profess to be a peace loving people and one wary of foreign entanglements Yet we have been drawn into wars in distant lands from Vietnam to Afghanistan We cherish our middle class comforts and our children Yet we send our troops to Fallujah and Mogadishu How is it that ordinary Americans with the most to lose are so easily convinced to follow hawkish leaders of both parties into war In **Reasons to Kill** noted scholar Richard E Rubenstein explores both the rhetoric that sells war to the public and the underlying cultural and social factors that make it so effective With unmatched historical perspective and insightful commentary Rubenstein offers citizens new ways to think for themselves about crucial issues of war and peace

Re-Imagining the Other M. Eid,K. Karim,2014-07-24 The twenty first century exploded into the global imagination with unforgettable scenes of death and destruction An apocalyptic clash of civilizations seemed to be waged between two old foes the West and Islam However the decade long and ruinous war on terror has prompted re assessments of the militaristic approach to Western Muslim relations A growing number of academics policymakers religious leaders journalists and activists view the struggles as resulting from a clash of ignorance *Re imagining the Other* examines the ways in which knowledge is manipulated by dominant Western and Muslim discourses Authors from several disciplines study how the two societies have constructed images of each other in historical and contemporary times The complexities and subtleties of their mutually productive relationship are overshadowed by portrayals of unrelenting clash thus serving as encouragement for the promotion of war and terrorism The book proposes specific approaches to re imagine the Other in order to mitigate Western Muslim conflict
