## **Time Of Decision With Rudolf Steiner Experience And Encounter:**

**Time of Decision with Rudolf Steiner** Friedrich Hiebel, 1989-12 This fascinating recollection of the early days of the Anthroposophical Society offers a unique perspective on Rudolf Steiner's work and his relationship to his students. Of particular interest to our readers will be the chapters on the Christmas Conference of 1923 for the foundation of the Anthroposophical Society. Hiebel attended the meeting and his lively descriptions and warm style let those solemn events rise up again in our souls. He recreates the solemn sacred mood of the laying of the Foundation Stone and provides insights into the structure and meaning of the Foundation Stone verses The Appearance of Christ in the Etheric Sergei O. Prokofieff, 2012. Dedicated to the centenary of Rudolf Steiner's first proclamation of Christ's appearance in the etheric realm of the Earth, this book discusses various aspects of that event that had not previously been addressed adequately. Sergei Prokofieff points to three themes of primary importance, all of which are connected directly with the tasks of the Society that Rudolf Steiner founded: The preparation of humankind for the Second Coming; Working with Christ as the Lord of Karma; Recognizing in Anthroposophy the spiritual language through which questions can be posed to the etheric Christ today. Prokofieff describes these and other critical undertakings such as forging a strong relationship with Michael and the importance of recognizing the adversarial forces attempting to falsify Christ's Second Coming. The Appearance of Christ in the Etheric is of relevance to every individual who wishes to take an active role in fulfilling the needs of our time. The Mystery of the Resurrection in the Light of Anthroposophy Sergei O. Prokofieff, 2010. We live today at a time when the full mystery of the Resurrection body can become manifest to human beings out of the inspirations of Michael. This was accomplished by Rudolf Steiner not just in a theoretical sense but also practically and came about through the establishing of a path accessible to all human beings which leads to a union with the forces of the Resurrection body. Sergei Prokofieff approaches the deepest mysteries of the Turning Point of Time: the Christ event through Rudolf Steiner's spiritual research. At its heart stands the question of the restoration of the phantom of the physical body and its transformation into the resurrected body of Christ through the Mystery of Golgotha. The author draws a broad and differentiated picture of the tasks and possibilities that the Easter event as well as Ascension and Pentecost present both for the individual and humanity. The final chapter considers the mystery of Easter Saturday through which the two polar aspects of the Mystery of Golgotha: death and resurrection interconnect, also explaining the relationship between the Earth Spirit and the interior of the Earth. An appendix tackles the phenomenon of stigmatization from a spiritual/scientific perspective. **Encounters with Babaji** Renata Caddy, 2012-08-01. Related with simplicity and sincerity, the anecdotes in this firsthand account detail author Renata Caddy's experiences with Babaji, an eternal being and figure in Indian spirituality. Through personal stories and photographs, Caddy describes her first meeting with Babaji during a stay in India in 1978, as well as the 72 encounters that followed in the next six years until Babaji gave up his human form in 1984. She then relates the events that occurred during her several

pilgrimages to Mount Kailash in Tibet where she felt Babaji's presence strongly and was even more compelled to follow his teachings of truth, simplicity, love, and service to humanity. Full of wisdom, this illuminating book contains a message of spiritual development that will resonate with anyone of an open heart and mind, regardless of religion. [May Human Beings Hear It!](#) Sergei O. Prokofieff, 2014-03-12

During the Christmas period of 1923, Rudolf Steiner refounded the Anthroposophical Society at its headquarters in Dornach, Switzerland. This important event, which has come to be known as the Christmas Conference, can be studied on many levels, and its many mysteries have been central to Sergei O. Prokofieff's anthroposophical research over the years. His beginning point has been an enduring question: What did Rudolf Steiner mean when he called the Christmas Conference the start of a World Turning point of Time? In this far-reaching work, the author, working from several different viewpoints, guides the reader towards an answer. Prokofieff suggests that the impulse of the Christmas Conference can only be reenlivened today through conscious action by individuals to experience its spiritual essence. Rather than offering dogmatic conclusions, he opens up paths of approaching this goal by throwing light on different aspects of the Conference and what lies at its heart: the Foundation Stone and its Meditation. In particular, Prokofieff explores three key perspectives: the connection of the Christmas Conference with humanity's evolution, the inner relationship of each individual anthroposophist to the Christmas Conference, and the significance of the Conference to Rudolf Steiner himself. Although this is a major work of some length, the individual chapters of *May Human Beings Hear It!* are complete in themselves and can therefore be studied independently of each other. *Subject Guide to Books in Print*, 1997 **Paperbound Books in Print**, 1992 **Forthcoming Books** Rose Army, 1996-06 [The Close Encounters Man](#) Mark O'Connell, 2017-06-13

Meet the astronomer who invented the concept of Close Encounters with aliens, inspired a classic sci-fi film, and made a nation want to believe in UFOs. In June 1947, private pilot Kenneth Arnold looked out his cockpit window and saw a group of nine silvery crescents weaving between the peaks of the Cascade Mountains at an estimated 1,200 miles an hour. The media, the military, and the scientific community, led by J. Allen Hynek, an astronomer hired by the Air Force, debunked this, and many other Unidentified Flying Object sightings reported across the country. But after years of denials, Hynek made a shocking pronouncement: UFOs are real. Thirty years after his death, Hynek's agonizing transformation from skeptic to true believer remains one of the great misunderstood stories of science. In this definitive biography, Mark O'Connell reveals for the first time how Hynek's work, both as a celebrated astronomer and as the U.S. Air Force's go-to UFO expert for nearly twenty years, stretched the boundaries of modern science, laid the groundwork for acceptance of the possibility of UFOs, and was the basis of the hit film *Close Encounters of the Third Kind*. With unprecedented access to Hynek's personal and professional files, O'Connell smashes conventional wisdom to reveal the intriguing man and scientist behind the legend. Tracing Hynek's career, O'Connell examines his often-ignored work as a professional astronomer to create a complete portrait of a groundbreaking enthusiast who became an American cult icon and transformed the way we see our world and our universe. Scholastic and

casual readers will find this fact packed biography informative and enjoyable highly recommended for school science departments Library Journal

**Anthroposophy and the Philosophy of Freedom** Sergei O. Prokofieff, 2009 I asked Rudolf Steiner What will remain of your work thousands of years from now He replied Nothing but The Philosophy of Freedom But everything else is contained in it If one realizes the act of freedom described there one can discover the whole content of Anthroposophy Walter Johannes Stein Some people's path to Anthroposophy leads them directly to Rudolf Steiner's early work Intuitive Thinking as a Spiritual Path A Philosophy of Freedom which becomes the philosophical basis for further exploration Steiner referred to this as a safe approach However the destiny of many leads them directly to Anthroposophy itself perhaps through one of its practical initiatives such as Waldorf education or biodynamics sometimes making it difficult to relate to the cognitive basis of Anthroposophy In this unique study Prokofieff offers a fresh approach to Steiner's crucial book Intuitive Thinking as a Spiritual Path He shows why the book is so important to Anthroposophy as the work in which Steiner lays a foundation for his method of spiritual research In Steiner's own words One who is willing can indeed find the basic principles of Anthroposophy in my Philosophy of Freedom Prokofieff discusses the Christian nature of the anthroposophic means of cognition and how it is integral to freedom and love This in turn reveals the deeply Christian roots of Intuitive Thinking as a Spiritual Path and its importance for modern Christian esoteric work In considering its multifaceted cosmic and human dimension Prokofieff discusses Intuitive Thinking as a Spiritual Path in relation to the mystery of the Resurrection the work of the hierarchies the being Anthroposophia the Fifth Gospel Steiner's path of initiation the Rosicrucian and Michaelic impulses the life between death and rebirth the Foundation Stone the Christian mysteries of karma and the science of the Grail
