### NEW: TEAS 7 QUESTION TYPES

While the TEAS 6 features only multiple-choice questions, the TEAS 7 features five different question types:

**Multiple-Choice:** Multiple-choice questions provide four answer choices, with only one option available to select as the correct answer. In addition to text, some questions include charts, exhibits, and graphics.

**Multiple-Select:** Multiple-select questions provide four or more answer choices, and more than one answer choice may be correct. For these questions, a prompt appears, asking you to "select all that apply." To correctly answer a question, you must select all correct answers. If you select any incorrect answer choices and/or do not select all of the correct answer choices, that question is scored as incorrect; no partial credit is given.

**Supply Answer:** Supply answer questions do not provide answer choices. Instead, the question asks you to "fill in the blank" or to simply answer the question provided. Words and numbers are both acceptable as answers.

**Hot Spot:** Hot spot questions provide an image containing between two and five clickable areas. You must click on the area of the image that correctly answers the question.

**Ordered Response:** Ordered response questions require you to correctly order a set of given responses. Each question provides between four and six responses, and you must drag each option from a box on the left to a box on the right. If any response option is out of order, the entire question is scored as incorrect; no partial credit is given.
