science which will when once recognized put a stop to those stale and unprofitable metaphysical speculations by indulging in which mankind has wasted time and energies enough to advance true culture beyond the most daring dreams Not to encourage metaphysical studies but henceforth and forever to silence them and to lead mankind back to true life has this work been written and translated About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
