The Self Aware Universe:

The Self-Aware Universe Amit Goswami,1995-03-21 In this stimulating and timely book Amit Goswami PhD shatters the widely popular belief held by Western science that matter is the primary stuff of creation and proposes instead that consciousness is the true foundation of all we know and perceive His explanation of quantum physics for lay readers called a model of clarity by Kirkus Reviews sets the stage for a voyage of discovery through the common ground of science and religion the entwined nature of mind and body and our interconnectedness with all of creation **The Self-aware Universe**

Amit Goswami,Richard E. Reed,Maggie Goswami,1993 Brings together the most recent discoveries in quantum physics and provides a powerful argument for transforming not only the way we view nature but also how we view our own personal reality The book also challenges readers to give up their prejudices regarding material realism **Phenomenal World** Joan

D'Arc,2000-11 For centuries mankind has been exploring the nature of reality The materialistic scientific worldview would have us believe that physically measurable phenomena are all that exist Yet the answers to the key of reality go far beyond this mindset This book explores the clues we have about the nature of reality especially those aspects that cannot yet be proven If we can understand the most baffling aspects of reality then we will move closer toward understanding its ultimate cause and nature The Land and the Days Tracy Daugherty,2022-01-27 In Cotton County the first of the dual memoirs in

The Land and the Days acclaimed author Tracy Daugherty describes the forces that shape us the rituals of our regions and the family and friends who animate our lives and memories Combining reminiscence history and meditation Daugherty retraces his childhood in Texas and Oklahoma where he first encountered the realities of politics race and class As a child in the early 1960s Daugherty lived with his parents and sister in West Texas And yet from a young age in the author s recounting he was just as much at home in the small town of Walters Oklahoma where his grandparents lived and where he and his family often visited A cattle and oil town just a few miles north of the Red River Walters seemingly belonged to another realm In sensory detail Daugherty evokes the old fashioned atmosphere of his grandparents home the tastes smells and textures fried okra mothballs cotton batting radiators and ancient typewriters These were things he explains that he experienced only in Oklahoma The Unearthly Archives the second of Daugherty s memoirs expands the realistic accounts of the first narrative providing a meditation on the meaning of grief Daugherty demonstrates his curiosity and indefatigable quest for understanding and closure by examining his life long store of literary readings as well as the music he loves to discover the true value of a life dedicated to art Whereas the first narrative explores daily family life setting up what will be the huge loss of his parents the second examines questions of death grief creativity and the meaning of memory As he mourns the loss of his parents Daugherty reckons with his own mortality and finds himself confronting such fundamental questions as How does individual consciousness develop What can music art and literature teach us about life s experiences And finally Is there a soul The Land and the Days addresses these eternal questions with uncommon honesty and grace

The Intuitive Investor Jason Apollo Voss, 2010-10 Successful Wall Street fund manager retired at age 35 guides investors to use intuitive and creative right brained processes to complement traditional left brain financial analysis Author describes his principles based on spiritual insights and provides professional anecdotes to support his theories Provided by publisher

Lucid Agents Sam Luckey, 2013-08-30 Sam served four overseas tours in the U S Army He served in the Military Police during two tours of South Korea and one tour in West Germany Once he graduated U S Army CID school he returned to West Germany as a Special Agent Courtesy of the US Army he also served stateside assignments in Arizona Texas Alabama and Georgia Sam observed the very best and the very worst of the US Military While in Frankfurt West Germany Sam was Team Chief of the most productive Narcotics Investigation Drug Suppression Team in Europe However when he was told that he would be taking over more more Narcotics Investigations as a CID Team Chief he declined and left the US Army with numerous medals and awards Sam no longer believed our current War on Drugs paradigm was productive Our Drug War mentality prevents Law Enforcement from doing real Harm Reduction and causes more damage and harm than the actual illegal drug use

God is Not Dead Amit Goswami, 2008 This book is a tour of quantum physics consciousness and the existence and experience of God Book jacket
