The Threshold of Manhood W. J. Dawson, 2015-07-08 Excerpt from *The Threshold of Manhood A Young Man's Words to Young Men* The sermons in this volume with one or two exceptions have been especially addressed to young men For five years while resident in London and particularly in the latter portion of that time my ministry gave me special contact with young men and my previous sympathies were greatly quickened by the closer knowledge I then gained of the temptations struggles and needs of city youth I found that wherever there was any honest attempt made to deal with their intellectual difficulties and wherever there was manifested an understanding sympathy of their social needs there was a frank and even affectionate response accorded The life of a young man in a great city is often one of the loneliest of lives He has comrades but few friends many companions but scarcely one counsellor He has left the safe anchorage of home and is often half intoxicated with the sense of his unrestrained liberty At the most critical and susceptible period of life he is most solitary most left to himself and least guarded against the seductions of impure delight This period of life is the Threshold of Manhood About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
