**Can Your Relationship Be Saved?** Michael S. Broder, 2002 The title of this book captures one of the most commonly explored issues that I have dealt with in my office over the past three decades as a practicing clinical psychologist Thus begins Dr Broder's wise and compassionate guide to assessing a faltering love relationship and answering the fundamental question asked by the book's title Broder addresses individuals and couples in marriages or any other type of love relationship or romance long or short term and of any sexual orientation His 40 item Can Your Relationship Be Saved Inventory asks the rights questions But readers are not left there The chapters that follow gently guide them in exploration of what is likely to happen if What if I go What if I stay Readers will find direction in answering those questions for themselves and the information and strategies to help them act on their decisions Can Your Relationship Be Saved speaks in a warm unabashedly upbeat and optimistic manner directly to the painful ambivalence that results when you are unable to determine how you really feel Broder's guidance is packed with practical road maps and direction finders avoiding glibness clichés pat answers or someone else's value judgments that will rarely hold up for you in the end
