Openai Ai Image Generator Review:

How AI Ate the World Chris Stokel-Walker, 2024-05-09 An excellent starter for those who want to gain an insight into how AI works and why it's likely to shape our lives. The Daily Telegraph Artificial intelligence will shake up our lives as thoroughly as the arrival of the internet. This popular up to date book charts AI's rise from its Cold War origins to its explosive growth in the 2020s. Tech journalist Chris Stokel Walker TikTok Boom and YouTubers goes into the laboratories of the Silicon Valley innovators making rapid advances in large language models of machine learning. He meets the insiders at Google and OpenAI who built Gemini and ChatGPT and reveals the extraordinary plans they have for them. Along the way he explores AI's dark side by talking to workers who have lost their jobs to bots and engages with futurologists worried that a man made super intelligence could threaten humankind. He answers critical questions about the AI revolution such as what humanity might be jeopardising and the professions that will win and lose and whether the existential threat technologists Elon Musk and Sam Altman are warning about is realistic or a smokescreen to divert attention away from their growing power. How AI Ate the World is a start here guide for anyone who wants to know more about the world we have just entered. Reviews An excellent starter for those who want to gain an insight into how AI works and why it's likely to shape our lives. The Daily Telegraph How AI Ate the World prodigiously captures the key issues and concerns around artificial intelligence. Azeem Azhar Exponential View From ancient China to Victorian England How AI Ate The World is the story of the characters moments technologies and relationships that populate the rich history of artificial intelligence. How AI Ate The World grapples with what the age of automation means for the people living through it. Harry Law University of Cambridge A witty engaging book that takes us through AI's bumpy past to help us understand its present and future impacts. I highly recommend it to anyone who is impacted by AI tech which is to say everyone on the planet. Sasha Luccioni Hugging Face Easily the most comprehensive book on AI I have read so far covering all the key issues. Peter Hunt Business Tech Correspondent Evening Standard A comprehensive and compelling look at the technology that's transforming our world. It's an essential guide full of surprises to the technology you need to know. Matt Navarra social media expert Whether you are new to AI or have been following the AI hype for years Chris Stokel Walker offers an entertaining balance of history context and insight that has something for everyone. The story of AI's evolution is a complex one but Stokel Walker tackles it in a clear direct way that will bring you up to speed while helping you grapple with what it all means for individuals the workplace society and the planet. Sharon Goldman VentureBeat This book is a wild brilliant ride through centuries of thinking about and decades of developing machines that can learn. As a crash course in how we got to this current point of thrilling chaos it will take some beating. Whether or not you agree with Stokel Walker's solutions or not How AI Ate The World is essential reading to understand where we are and how we got here.
