Goodreads Choice Review Tutorial:

Understanding and Managing Socioeconomic Systems Behaviour Rossen Kazakov, Penka Petrova, Yavora Kazakova, 2024-05-23 This book illustrates effective decision making in complex socio economic systems utilising system dynamics and agent based simulation modelling approaches. It provides practical guidance on the application of conceptual and numerical modelling and simulation for analysing economic strategic regulatory sociological and ethical questions from a complex systems perspective. Its theoretical methodological and practical illustrations will enhance readers understanding of the application of simulation modelling for effective systems management. By virtually experimenting with alternative management scenarios it will help them improve decision making and control mechanisms. The book explores practical examples from the fields of pharmaceuticals, healthcare, finance, sociology, education and culture from a strategic regulatory and ethics perspective. As such it offers a valuable resource for managers both at for profit corporations and non profit organisations, public policymakers and regulators alike.

Information Governance Robert F. Smallwood, 2019-11-26 The essential guide to effective IG strategy and practice. Information Governance is a highly practical and deeply informative handbook for the implementation of effective Information Governance. IG procedures and strategies. A critical facet of any mid to large sized company, this super discipline has expanded to cover the management and output of information across the entire organization from email, social media and cloud computing to electronic records and documents. The IG umbrella now covers nearly every aspect of your business. As more and more everyday business is conducted electronically, the need for robust internal management and compliance grows accordingly. This book offers big picture guidance on effective IG with particular emphasis on document and records management best practices. Step by step strategy development guidance is backed by expert insight and crucial advice from a leading authority in the field. This new second edition has been updated to align with the latest practices and regulations, providing an up to date understanding of critical IG concepts and practices. Explore the many controls and strategies under the IG umbrella. Understand why a dedicated IG function is needed in today's organizations. Adopt accepted best practices that manage risk in the use of electronic documents and data. Learn how IG and IT technologies are used to control, monitor and enforce information access and security policy. IG strategy must cover legal demands and external regulatory requirements as well as internal governance objectives. Integrating such a broad spectrum of demands into workable policy requires a deep understanding of key concepts and technologies as well as a clear familiarity with the most current iterations of various requirements. Information Governance distills the best of IG into a primer for effective action.
