- Assessment across the lifespan

Assessment of Autism Spectrum Disorder is an important tool for clinicians, practitioners, researchers and graduate students in the fields of child and school psychology, behavioral therapy and social work as well as the related areas of psychiatry, pediatrics, forensic psychology and educational and healthcare policy.

[Handbook of Research on Adapting Remote Learning Practices for Early Childhood and Elementary School Classrooms](#) Courtney-Dattola, Ashley, 2021-12-17

Teaching is a demanding profession as there is constant fluctuation and evolution. A portion of teaching is the ability to be able to adapt to various environments especially shifting from in person instruction to online practices. Over the last few years early childhood and elementary school classrooms have been thrust into hybrid and remote learning environments and it is vital that educators and institutions adapt to new practices and create various outlets for teachers to be able to more adequately reach their young audience. The [Handbook of Research on Adapting Remote Learning Practices for Early Childhood and Elementary School Classrooms](#) is a critical resource to assist teachers as they develop online teaching practices and work to cater to young students so that they can receive the strongest benefits from their education. Through coverage of topics such as hybrid learning and parental involvement paired with sample lesson plans, course formats, concepts, ideas and additional components to further the body of research pertaining to remote learning, this book is tremendously beneficial to administrators, researchers, academicians, practitioners, instructors and students.
