Stories Can Save Us Matt Tullis,2024-06-01 Great journalism relies on a narrative arc to engage and inform the reader Stories Can Save Us looks at how the best reporters and writers craft narrative literary journalism Journalist Matt Tullis uses the material he gathered in the more than seventy five interviews he conducted with the best narrative and literary journalists in the country through his podcast Gangrey The Podcast to show how these professionals conceive and writesuch compelling stories Through his podcast Tullis interviewed Pulitzer Prizewinners National Magazine Awardwinners and many authors of books of narrative journalism including New York Times best selling authors He also spoke with reporters of different races and backgrounds styles and strengths journalists who have been published in the most prestigious newspapers and magazines to ask How do they find story ideas How do they reach out to potential story subjects What are their interviewstrategies How do they conduct other information gathering How do they come up with their amazing and enticing leads How do they develop story structure How does the story change in the revision process How do they make their stories great and make them into the types of stories that people read and talk about for years Through Tullis s conversations with these top tier journalists we are offered a window into their methods and practices as well as the motivations behind great journalism and how it speaks to the cultural climate of its time Tullis s goal was to expand the power and potential of what amazing reporting and narrative writing can do believing that it can literally change a reader s mood and possibly a reader s life

Get Your Book Seen and Sold Claudine Wolk,Julie Murkette,2023-09-25 Book marketing is intimidating for most authors It s like learning a new language Most authors believe that writing the book is the hard part of publishing and that they are done after writing the words The End Those in the publishing industry know better The hard part of publishing starts after the book is completed By the time most authors realize that they need to market their book they are too late Wolk and Murkette set out to change that outcome by providing an easy fun system for book marketing that is straightforward and understandable Authors want one thing to give their books the BEST chance to be seen and sold Today authors have so many easy ways to publish literally at their fingertips but after hitting the publish button they find book sales elusive In the brand new guide Get Your Book Seen and Sold authors Claudine Wolk and Julie Murkette provide an easy book marketing strategy with a definitive starting point and a clear map Through fun graphs examples and exercises in the guide authors will stay focused and find the empowerment to successfully promote their books

Being Flawesome Nicholas Matthews,2021-01-21 A remarkable fact to reflect on You are perfect What we do in action and what we consider in thought remain vulnerable to imperfection It is for this reason that we often find ourselves living in a confused state of contradiction whereby we strangely possess the capacity to surrender to the dangerous and ungrounded assumption that would say we are simply a representation of our flawed character Or that we are not good enough similarly that we need more The alternative and more appealing by far is to consider our lives as being securely rooted in the grounded wisdom of

having a perfected identity The key to confidence is living from perfected identity Jesus perfects our identity while our character remains vulnerable to imperfection Being Flawesome explores the tension between flawed character and perfected identity and advocates a life of living imperfectly perfect **Turning the Page** Angus Phillips,2014-02-05 This is an exciting period for the book a time of innovation experimentation and change It is also a time of considerable fear within the book industry as it adjusts to changes in how books are created and consumed The movement to digital has been taking place for some time but with consumer books experiencing the transition the effects of digitization can be clearly seen to everybody In Turning the Page Angus Phillips analyses the fundamental drivers of the book publishing industry authorship readership and copyright and examines the effects of digital and other developments on the book itself Drawing on theory and research across a range of subjects from business and sociology to neuroscience and psychology and from interviews with industry professionals Phillips investigates how the fundamentals of the book industry are changing in a world of ebooks self publishing and emerging business models Useful comparisons are also made with other media industries which have undergone rapid change such as music and newspapers This book is an ideal companion for anyone wishing to understand the transition of the book writing and publishing in recent years and will be particularly relevant to students studying publishing media and communications

Gender and Finance Ylva Baeckström,2022-02-25 This book examines the world of finance and the role of gender within it It looks at the financial services industry arguably the most powerful and remunerative sector that exists and shows how it was created by men for men The author explains how historically women were excluded how minimal progress has been made and outlines how the sector still needs to change to function effectively in a modern equal opportunities world Addressing gender inequality in financial services is of utmost urgency and importance because of the extent to which it affects women in all stages of life Women's exclusion in financial services is also mirrored by how men have been excluded from parenting through a similar set of societal expectations government legislation and corporate policies The author maintains that to succeed we need to address both financial services and parenting To do so we need regulatory support Because of its power and dominance the financial services industry has the opportunity to lead this change and to champion gender equal practices These practices are economically beneficial to all participants not only female employees and consumers We all need these benefits as we rebuild our economies following the COVID 19 pandemic The book makes an important contribution to the critical and increasing awareness of gender concerns It presents insights drawn from original research and data about gender biases The book is an essential secondary text for a range of university courses including economics finance and accounting business studies and gender related courses as well as MBAs and Executive Education programmes that focus on gender in business It is also a must read for policy makers managers in financial services institutions and any other businesses that seek to attract the growing market of female consumers employees and business leaders **Searcher** ,2007 **Subject Guide to Books in Print** ,2001 **101 Best**

Get It Done: Write a Cover Letter Jeremy Schifeling,2018-09-25 Want to write the perfect cover letter But don t have time to read through a 300 page book first Then Get It Done is for you Here s why it s been a Kindle best seller for six years in a row 1 It s fast The whole book takes about 30 minutes to read 2 It s to the point It breaks the cover letter down to 12 parts and gives you a precise template to complete for every single step 3 It works I developed this system while serving as a Recruiter for Teach For America I ve since taught it to MBAs as a Career Coach at the University of Michigan leading to job offers from Apple GE Microsoft Amazon LinkedIn and Google And the system has even been featured in U S News I was just another piece of paper in the deck Jeremy s beneficial insight to the cover letter was against my traditional understanding His direct nature and step by step guidance proved to be beneficial in my search I was able to go through the book and develop a brand new cover letter from scratch in less than an hour Given the price of the book and the time it takes to go through there is absolutely no excuse why you shouldn t buy it right now and start fresh in conveying your background to your next employer LJ If you like me hate writing cover letters then this book is for you Before reading this book I was not even using cover letters because I thought they didn t matter and I didn t know what to say I just sent as many resumes as possible to as many job postings as possible This book changed my life It convinced me no doubt one of the most shameless no cover letter resume spammers out there to stop and write a cover letter Plus Schifeling lays out a series of clear quick steps that make it easy and anxiety free Jane E Nevins What you ll get A sample cover letter using the exact same approach that the author and hundreds of others have used to land jobs from Amazon to Zynga A cover letter template that s broken down into step by step chunks making it easy to apply to your own application The definitive cover letter format that recruiters and hiring managers prefer based on actual recruiting and hiring experience

How To Write Amazing Cover Letters The Hyperink Team,2012-02-12 ABOUT THE BOOK If a resume is a window into your past work experience a cover letter is the tool you use to install it Cover letters were once just an after thought something most people used to simply regurgitate their resumes In fact it wasn t until the last decade that cover letters gained wide acceptance and importance Today not only is the cover letter just as important s a resume it can be the

deciding factor in whether a hiring manager looks at your resume or throws it in the trash But how do you write the kind of amazing cover letter that will get you in the door How can you create a narrative of your professional experience that makes the HR person sit up and take notice The key is knowing how to present yourself It does not matter if you ve spent 30 years in the work force or are just entering it the fact remains that you need to learn to how convince someone else to interview you **MEET THE AUTHOR** The Hyperink Team works hard to bring you high quality engaging fun content If ever you have any questions about our products or suggestions for how we can make them better please don t hesitate to contact us Happy reading **EXCERPT FROM THE BOOK** You ve probably figured out a few mistakes to avoid already but you d probably be surprised at what many employers are turned off by when reading cover letters Lack of proofreading This is a no brainer but many people often miss them or don t bother to spell check before sending out the cover letter and resume It s always a good idea to ask a friend or family member to check your letter for spelling errors and typos to give you a fresh perspective Not including the name of the hiring manager If you don t know who is going to read your cover letter and resume try to find out When in doubt call the company and ask who the person in charge of that department is so you can target your letter appropriately Not writing to an audience Focus each letter on each employer According to Career Builder 44 percent of executives polled said it s common for applicants to use their cover letters to show they ve learned more about the job Doing so can give you an edge against the competition Failing to sell yourself If you undersell your skills and qualifications you won t make an impression on the reader Don t just talk about your accomplishments give concrete examples Regurgitating the resume Cover letters weren t meant as a tool to repeat everything that s in your resume It s a tool to build on it and an opportunity to correlate your experience with the job you re applying for Include any training classes awards and recognition you ve received in the past that might give you an edge over the competition Buy a copy to keep reading **Cover Letters that Blow Doors Open** Anne McKinney,1999 Designed as the comprehensive guide to cover letter preparation the 272 page book shows examples of exciting and door opening cover letters The main section of the book shows cover letters by field and industry For example job hunters in the accounting field will find examples of cover letters used to blow doors open in the accounting banking and financial community From aviation to computer operations to management to sales to transportation cover letters tailored to specific fields are illustrated which can be used as models or templates for those involved in a job hunt But what if a job hunter is changing careers or doesn t need a cover letter targeting a specific field or functional area There s a section showing examples of all purpose cover letters career change cover letters cover letters for entrepreneurs and cover letters for those seeking their first job For those seeking advice on how to respond to ads how to handle questions about salary requirements how to request consideration for multiple job openings in the organization and how to write letters for special situations there s a section entitled Sixteen Commonly Asked Questions About Cover Letters and Job Hunting

Cover Letters, Follow-Ups, Queries and Book Proposals Anne Hart,2004 Once your cover letter is positioned first to

be noticed then how do you position the letters to be noticed for the longest time in a number of situations What kind of thank you letters work best How do you ask for help in finding a job from a letter to a stranger acquaintance or business networking contact How do you write a cover letter that will never be misinterpreted as a sales pitch or autobiography How do you plan write and format an outstanding book proposal that lets the reader see the bottom line profit for the publisher Positioning your goal or project first means going where no one has gone before It's where the competition is missing Go where no one else has gone before when you plan write and format great cover letters follow up letters and book proposals Cover and follow up letters or proposals could be applied to book proposals book proposal cover letters written marriage proposals pre nuptials and courting Cover letters could apply to love letters letters to friends and relatives business contacts at trade shows or literary agents How do you use cover and follow up letters to position first your resumes proposals relationship communications marketing or sales connections and connections After cover letters how to you plan write and position first your follow up letters What types of letters bring people together Act as a catalyst Get you an interview Position you first for inclusion in a job business or relationship What type of letters position first attract and sell what you can do without looking like sales letters What types of cover and follow up letters are best sent with a resume
