The Modernist Papers:

The Modernist Papers Fredric Jameson, 2016-03-08 Cultural critic Fredric Jameson renowned for his incisive studies of the passage of modernism to postmodernism returns to the movement that dramatically broke with all tradition in search of progress for the first time since his acclaimed *A Singular Modernity* *The Modernist Papers* is a tour de force of analysis and criticism in which Jameson brings his dynamic and acute thought to bear on the modernist literature of the nineteenth and twentieth centuries Jameson discusses modernist poetics including intensive discussions of the work of Baudelaire Rimbaud Mallarmé Wallace Stevens Joyce Proust and Thomas Mann He explores the peculiarities of the American literary field taking in William Carlos Williams and the American epic and examines the language theories of Gertrude Stein Refusing to see modernism as simply a Western phenomenon he also pays close attention to its Japanese expression while the complexities of a late modernist representation of twentieth century politics are articulated in a concluding section on Peter Weiss's novel *The Aesthetics of Resistance* Challenging our previous understanding of the literature of this period this monumental work will come to be regarded as the classic study of modernism

The Modernist Papers Fredric Jameson, *Behind Our Backs* Amy De'Ath, 2026-02-17 In this daring study Amy De'Ath develops a new type of literary criticism attuned to the way our lives are shaped by capital's impersonal compulsions by what happens behind our backs Challenging the symptomatic interpretive methods of Western Marxism De'Ath argues that value critical accounts of Marx's work enable a feminist reading method that understands how value dissimulates itself from the social forms it generates obscuring their historical content Close reading works by Kay Gabriel Bernadette Mayer Bhanu Kapil Marie Annharte Baker Alli Warren and Hannah Black *Behind Our Backs* explains how these examples of feminized ingenuity reveal capital to be the expression of a social relation that must take form an abstract logic realized every day and one whose gendering inversions are felt and critiqued in the poetic experiments of trans queer Indigenous and diasporic writing Feminized poetry De'Ath demonstrates is both a central archive and theoretical powerhouse for the critique of capitalist political economy

A Singular Modernity Fredric Jameson, 2013-01-16 The concepts of modernity and modernism are amongst the most controversial and vigorously debated in contemporary philosophy and cultural theory In this intervention Fredric Jameson perhaps the most influential and persuasive theorist of postmodernity excavates and explores these notions in a fresh and illuminating manner The extraordinary revival of discussions of modernity as well as of new theories of artistic modernism demands attention in its own right It seems clear that the provisional disappearance of alternatives to capitalism plays its part in the universal attempt to revive modernity as a social ideal Yet the paradoxes of the concept illustrate its legitimate history and suggest some rules for avoiding its misuse as well In this major interpretation of the problematic Jameson concludes that both concepts are tainted but nonetheless yield clues as to the nature of the phenomena they purported to theorize His judicious and vigilant probing of both terms which can probably not be banished at this late date helps us clarify our present political

and artistic situations Kim Stanley Robinson Andrew Rowcroft,2024-05-03 Kim Stanley Robinson remains one of the most progressive writers working today His novels and short stories have mapped cycles of capitalist violence economic expansion and material despoliation in turn proposing radical visions of social and economic justice through cooperatives collective agreements and stewardship of the environment But if Robinson is readily considered a political author less attention has been paid to his craft and composition This book examines Robinson s concern with literary apprenticeship In novels such as the post apocalyptic *The Wild Shore* the intergenerational star ship narrative *Aurora* and the tale of Ice Age hunters *Shaman* Robinson creates characters who struggle with and against storytelling In these fictions apprentices battle against the limits of their interpretative powers as they come to recognise the real pleasures and the intense hardships of art and narrative

A New Global Geometry? Greg Albo,2024-04-30 In October 2022 President Joe Biden launched the United States new National Security Strategy which warned that the world was at an inflection point in which the post Cold War era is definitely over and a competition is underway between the major powers to shape what comes next American leadership the document declared would be more necessary than ever in order to define the future of the international order by marshalling America s unparalleled economic military and diplomatic resources to confront geopolitical rivals While it is clearly premature to speak of the end of the liberal economic order let alone the development of a multipolar international system the erosion of the American primacy means it is not too early to take stock of the momentous changes making a new global geometry Back Cover

Fredric Jameson Robert T. Tally,2014-06-20 Fredric Jameson is the most important Marxist critic in the world today While consistently operating at the cutting edge of literary and cultural studies Jameson has remained committed to seemingly old fashioned philosophical discourses most notably dialectical criticism and utopian thought In *Fredric Jameson The Project of Dialectical Criticism* Robert Tally surveys Jameson s entire oeuvre from his early studies of Sartre and formal criticism through his engagements with postmodernism and globalisation to his recent readings of Hegel Marx and the valences of the dialectic The book is both a comprehensive critical guide to Jameson s theoretical project and itself a convincing argument for the power of dialectical criticism to understand the world today **Jameson and Literature**

Jarrad Cogle,2020-09-01 This book demonstrates how Fredric Jameson s understanding of the novel form has heavily influenced his work as a critical theorist It contends that Jameson s idiosyncratic engagements with the literary canon have had a major impact on his theoretical frameworks particularly in his sense of historical change The book investigates Jameson s predominant literary interests in chapters focusing on realism modernism postmodernism and genre fiction These readings provide fresh perspectives on Jameson s career ones that look beyond his most famous contributions to cultural theory and interpretive practice Through this work the book also rethinks the criticism that has surrounded Jameson while suggesting ways in which his literary interpretation remains useful for contemporary reading practices **The Wallpaper**

Magazine ,1926 *Unoriginal Genius* Marjorie Perloff,2010-12 Marjorie Perloff here explores this intriguing development

in contemporary poetry the embrace of unoriginal writing Paradoxically she argues such citational and often constraint based poetry is more accessible and in a sense personal than was the hermetic poetry of the 1980 s and 90 s All the Papers Edward Verrall Lucas, George Morrow, 1914 **The Ancients and the Postmoderns** Fredric Jameson, 2015-06-01 High modernism is now as far from us as antiquity was for the Renaissance Such is the premise of Fredric Jameson s major new work in which modernist works this time in painting Rubens and music Wagner and Mahler are pitted against late modernist ones in film as well as a variety of postmodern experiments from SF to The Wire from Eurotrash in opera to Altman and East German literature all of which attempt in their different ways to invent new forms to grasp a specific social totality Throughout the historical periods argues Jameson the question of narrative persists through its multiple formal changes and metamorphoses **School & Society** James McKeen Cattell, Will Carson Ryan, Raymond Walters, 1918 House Beautiful, 1923 **The World's Work**, 1923 *Decorator*, 1930 **The Journal of Decorative Art**, 1930 **Wallpaper, Its History, Design and Use** Phyllis Ackerman, 1923 **Wallpaper**, 1925 *The Nineteenth Century and After*, 1922
