## Student national alumni foundation begins Nov. 22

November 2 kicks off the Student National Alumni Foundation (SNAF) Southwestern students will be contacting alumni across the nation in support of the first Brown Challenge. There will be an added focus of southwest this year because not only will students be contacting alumni in obtaining the goal of \$1.2 million in contributions, but they will also be competing for one of the five expense-paid trip trips to Vail, Colorado during the Christmas holidays.

The Brown Challenge, a unique fundraising program established by The Brown Foundation, Inc., of Houston, is currently in its fifth year of the two-year plan. Contributions to the foundation are matched dollar for dollar and, in some cases, more. Of the \$1.2 million goal, a projected \$100,000 will come from alumni. The Southwestern University Student National Alumni Foundation is sponsoring the 1980 National Alumni Participation Award fund goal.

Last year the Foundation generated approximately \$20,000, which helped reach the all-time high of alumni giving — 25 percent participation of all living alumni.

This year the goal is 25 percent alumni participation and that is where all student callers will come in.

The Foundation will run from November 2-12, Monday through Thursday evenings each week, in Cullen Auditorium. About twenty students will be needed each of the eight nights of the Phonathon.

Students will be during direct to some 1,000 alumni during the eight nights, requesting support of the university, with contributions to most operating expenses such as student scholarships, academic resources, and faculty development.

A gift was received by the Student National Alumni Foundation for the purpose of the Phonathon, and it was decided to again award the expense paid trip to Vail, Colorado, for the top three callers. The two callers receiving the highest dollar pledges, the two callers receiving most "yes" letters, and one "wild card" caller whose name will be drawn from the names of all donors who participate.

The trip will be from December 2-12 and include round trip air fare from Austin to Denver, lodging in a private condominium, all meals, expenses, and most meals during the

five days.

Beginning today, students may call the alumni office, 424, 204, to sign up for one of the eight nights during the eight nights of calling. Should there be any cancellations after October 28, students may sign up for additional nights on a first-come first-served basis.

Security callers per night will be needed as well as two student assistants to help screen, process requests, and collect pledges. All students calling or assisting will be eligible for the wild-card win.

However, the one requirement made of participants will be mandatory attendance at a training session. Sunday, November 2, from 2:00-4:00 p.m. in Cullen Auditorium. At that time callers will receive a full explanation of Phonathon procedures and competition rules.

With the success of last year's Phonathon, Carolyn Abraham, 1980 Phonathon Chairperson, expects even better results this year. "Students will be amazed at what an exciting experience it is to talk with alumni and their families. They're very interested in Southwestern, and many times the fact that they can be of a current student makes a difference in

whether or not a pledge is received."

One student last year conversed with an alumni who had stated the student's grandmother lived at Southwestern. Others talked to alumni who had participated in the same National organization or sport. Another student, after getting a wrong number in New York City, proceeded to get a contribution from a man who asked for an address. The Phonathon talked with a member of the Class of '44 who had previously given money to Southwestern and ended up donating \$1,000 and writing a letter to Melinda saying

that it was her personal contact with him that made the difference. All in all, approximately 1,000 alumni were contacted, and the goal for the year was surpassed. It is hoped that this year's results will be equally exciting. All current Southwestern students are invited and encouraged to participate. To sign up for one of five nights, call Ext. 204.

For any questions contact a Student Foundation member or the Alumni Office, and mark your calendar for the November 2 training session. Hope you will be successful to participate in this year's Phonathon!

## Nuclear War in 20 years

CHONG—Scientists at a forum on the nuclear war, held at the University of Texas at Austin, said that a war probably break out in the next 20 years.

Some estimate that a nuclear conflict will occur by the year 2000, while others say by the year 2050. The forum, which was organized in part by the Physicians for Social Responsibility, emphasized the medical problems associated with a nuclear war.

Physicians at the forum agreed that if a U.S. nuclear device was dropped on New York City, it would probably kill 5.25 million people immediately and seriously injure an additional 2.4 million. All frame homes would be destroyed

within five miles of the detonation.

Among the animal life that would be exposed to the blast, scientists would have the least. Like every other animal, they too would be killed. However, they would be killed by radiation. Because insects have a relatively high resistance to radiation.

The group used the information for its calculations because this is the most accurate of the nuclear weapons stockpiled by the United States and the Soviet Union. The Soviet Union has weapons as large as 50 megatons.

A U.S. nuclear blast would destroy 10 to 20 percent of the Earth's ozone layer which shields it from the ultraviolet rays of the sun. As a

result, the rays would blind all life on Earth that survived the explosion.

One scientist said that such an explosion over New York would be like a megaton of atomic bombs exploding at one time. It would destroy all people within 100 miles of the blast. A total of 3.25 million of the New York area's 10 million inhabitants die and another 2.4 million would be seriously injured with crushing injuries, ruptured lungs and ruptured internal organs.

Bomb shelters would provide no protection and would, in fact, increase the casualties because the shelters would become like ovens.

## Anti-nuclear walk sparks

An ad hoc group of Texas nuclear opponents is organizing a walk from the uranium mines near Palo Alto in South Texas to Comanche Peak Power Plant near Glen Rose. The walk will cover 300 miles and take 15 days, from October 25 to November 9. It is a walk for joining the walk for various lengths of time — some walking the entire way and others for a mile or two.

The walk will begin Thursday, October 23 at 8 a.m. in front of the

Power Nuclear Uranium Mines just outside of Palo Alto and will continue on the following schedule:

Arrive Friday 10/24 Ft. Worth  
Sat. 10/25 San Antonio  
Sun. 10/26 San Antonio  
Mon. 10/27 Selma  
Tue. 10/28 Ft. Worth  
Wed. 10/29 San Marcos  
Thurs. 10/30 Austin  
Fri. 10/31 Round Rock  
Sat. 11/1 Round Rock  
Sun. 11/2 Jarratt  
Sun. 11/3 Selma

Tues. 11/4 Moody  
Wed. 11/5 Valley Mills  
Thurs. 11/6 Clinton  
Fri. 11/7 Redwood Springs  
Sat. 11/8 Glen Rose

On Sunday, 11/9 there will leave at noon from 202 Highway in Glen Rose and walk to the Comanche Peak Power Plant.
